"It is the place where the river, the dark and secret river,
full of strange time, is forever flowing by us to the sea."

—Thomas Wolfe

TIME AND THE RIVER

I am the Delaware River; my age, unknown; my Birthplace, far to the north where the mighty states of New York, Pennsylvania, and New Jersey meet. Flowing south, I serve as the crossroads of the Atlantic States and have recorded in my own history the adventures of settlers, the advancing of armies, and the progress of commerce. The stories I can tell about Phillipsburg are innumerable.

Written in the molecules of my water are tales of Spanish treasure buried on Mount Parnassus; Indian legends describing how a glacier carried this "Mountain" on its back from the Delaware Water Gap; and stories telling of Indians jumping off Ol' Parnassus for a bottle of rum. First came the "Injuns", the Lenni Lenape Indians, that is. Their presence in our community are permanently recorded by such names as Lopatcong, Pohatcong, and Musconetcong. Then in 1739, the first white settlers came here and established a village somewhere near South Main and Hanover Streets. As time moved on, so did I. But Phillipsburg's progress was delayed by the action of William Penn's heirs. Oh yes, I almost forgot that with the passing of the Revolution, prominent people such as General William Maxwell and George and Martha Washington ferried across my back at the "Forks of the Delaware." Eighty years later on a memorable day, March 8, 1861, I proudly watched the New Jersey Legislature incorporate Phillipsburg as a town. A century has brought many changes to Phillipsburg and its inhabitants. But Time and I, the River, are changeless; we flow on forever.

INDIANS

Many believe that the town was named for Philip, a chief of the Lenni Lenape Indians, a branch of the Algonquin tribe.

DUTCH

While Phillipsburg was an Indian Village, Chintewink, it was surveyed and mapped by Adrian Volder Douk for the Dutch king.

Historical Review Of Early Phillipsburg

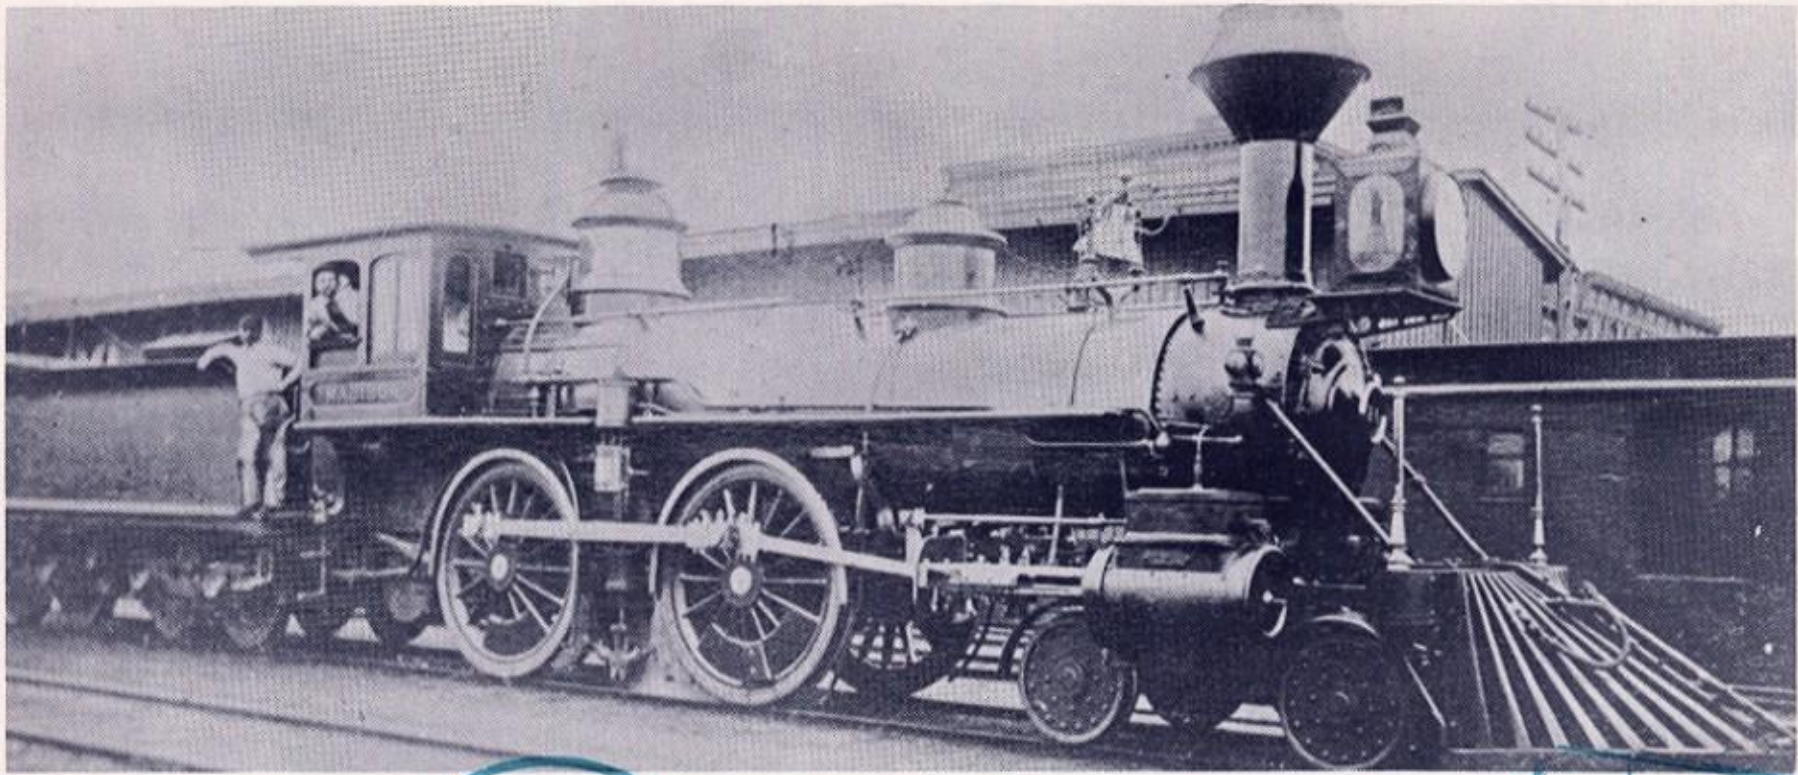

Activities in the early days of Phillipsburg were centered around Union Square. The residents gathered socially at the Union Square Hotel and later, as shown below, at the Elks Home.

It is the privilege of the present generation to develop and crystalize the memories of the town of Phillipsburg in 1861 so that they may become the permanent possession of the community. The following is an account of the life in Phillipsburg during that memorable year.

On March 4, Abraham Lincoln was inaugurated as the sixteenth President of the United States. Four days later, Phillipsburg was incorporated as a town by act of the New Jersey legislature. The following month, on April 8, Charles Sitgraves was elected mayor in the town's first election. Then on a fateful morning four days later, Fort Sumter was fired upon and the Civil War began. The Civil War issue was to linger heavily in every citizen's mind during the 1860's.

The town's 1500 people lived in an area consisting of Union Square and extending along Main Street to Greens Bridge. With only a few houses on the brow of the hill, the entire hill section of town was devoted to farmland. Farming constituted the chief occupation during the town's early days, but it was decreasing in importance with the introduction of industry to Phillipsburg.

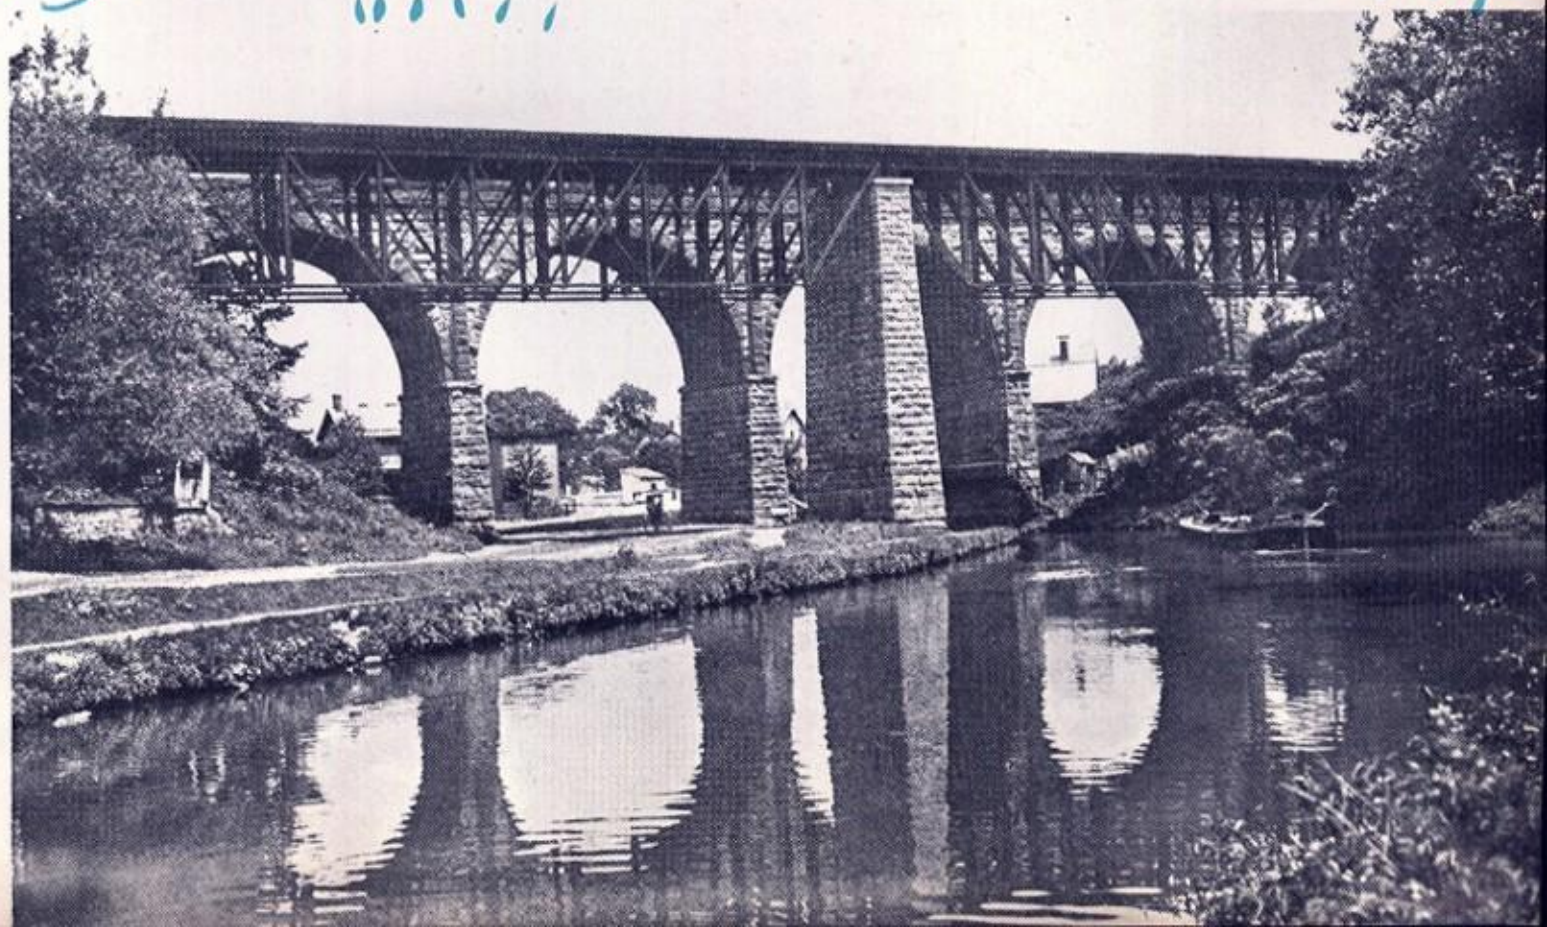

The railroad development around 1850 was responsible for the future growth of Phillipsburg. The completion of the first railroad to our community, the New Jersey Central, occurred on July 2, 1852. Within 10 years our town became a railroad center. Shown here, is a train entering the New Jersey Central Railroad Station in Union Square.

As early as 1811, the town had three hotels and two stores. One of the hotels, the Union Square Hotel still stands today. A great change occurred in our community with the building of railroads and the Morris Canal. Through these Phillipsburg became strongly linked with the outside world.

Because Phillipsburg is centrally located between Philadelphia and New York, our town developed into a transportation center. This opened the way for the founding of the Warren Foundry and later the Andover Iron Works. These thriving industries provided employment for the town's men.

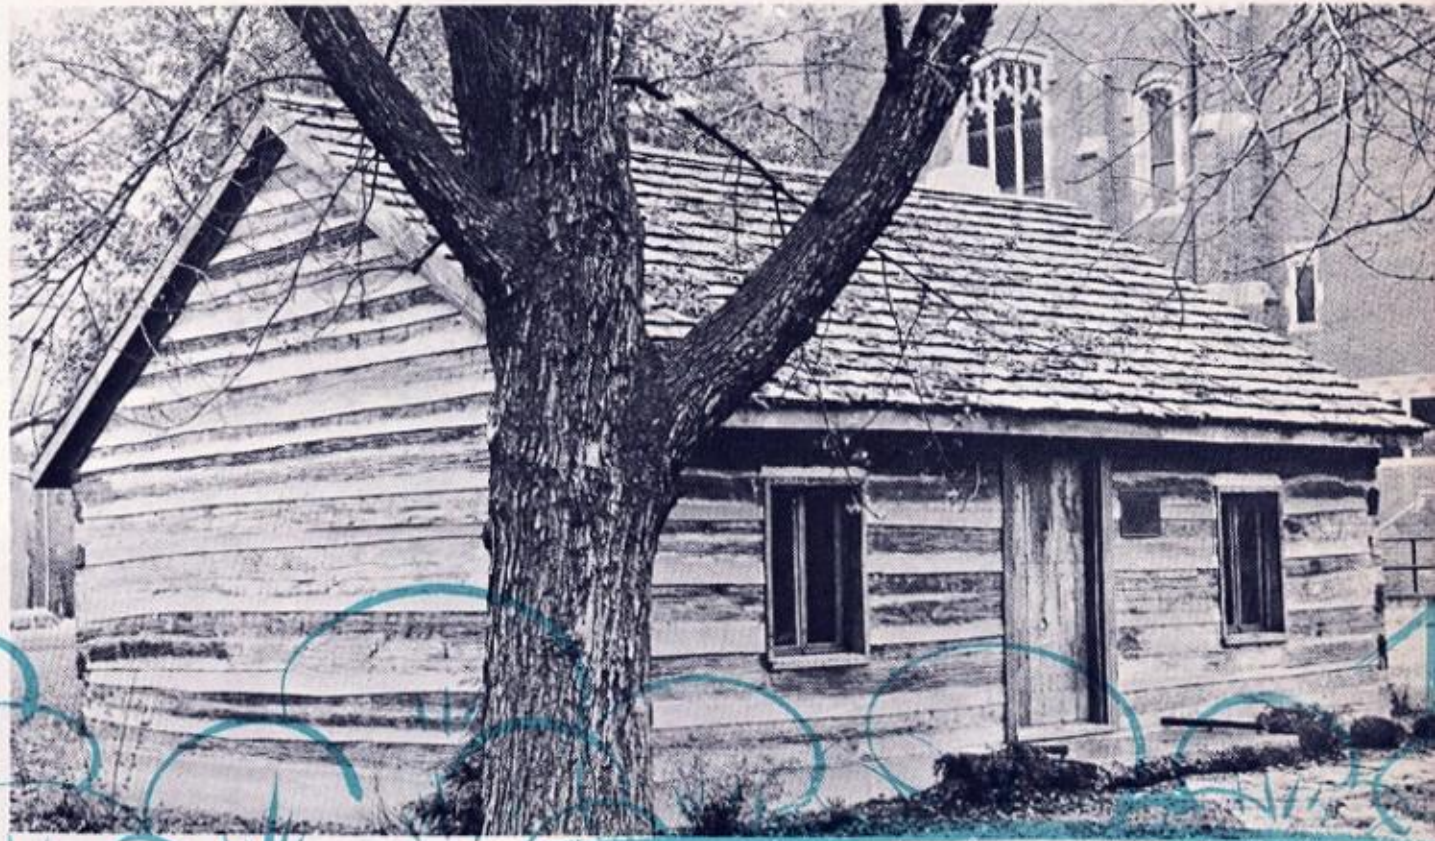

In a typical family scene, as father galloped off to work on his horse, mother prepared for a long hard day. Sending Junior to the River for water, mother pulled out her scrub board and began to wash the clothes. Then it was off to the loom to weave and sew and at noon, to the fireplace to cook. Mother was endlessly doing the household tasks. Still the people of 1861 had advantages such as a more intimate association, and a simpler social life. The tranquility of those early years has been supplemented by the accelerated tempo of modern life in Phillipsburg.

The future development of our town was insured with the completion of the Morris Canal. Costing \$3,500,000, the Morris Canal was 102 miles in length and supplied with water from Lake Hopatcong.

The Communion Cup used by the congregation of the log church, and a large Irish linen cloth which covered the sacramental emblems have been presented to the Warren County Historical Society by Miss Katherine Stryker, a descendant of the early worshipers.

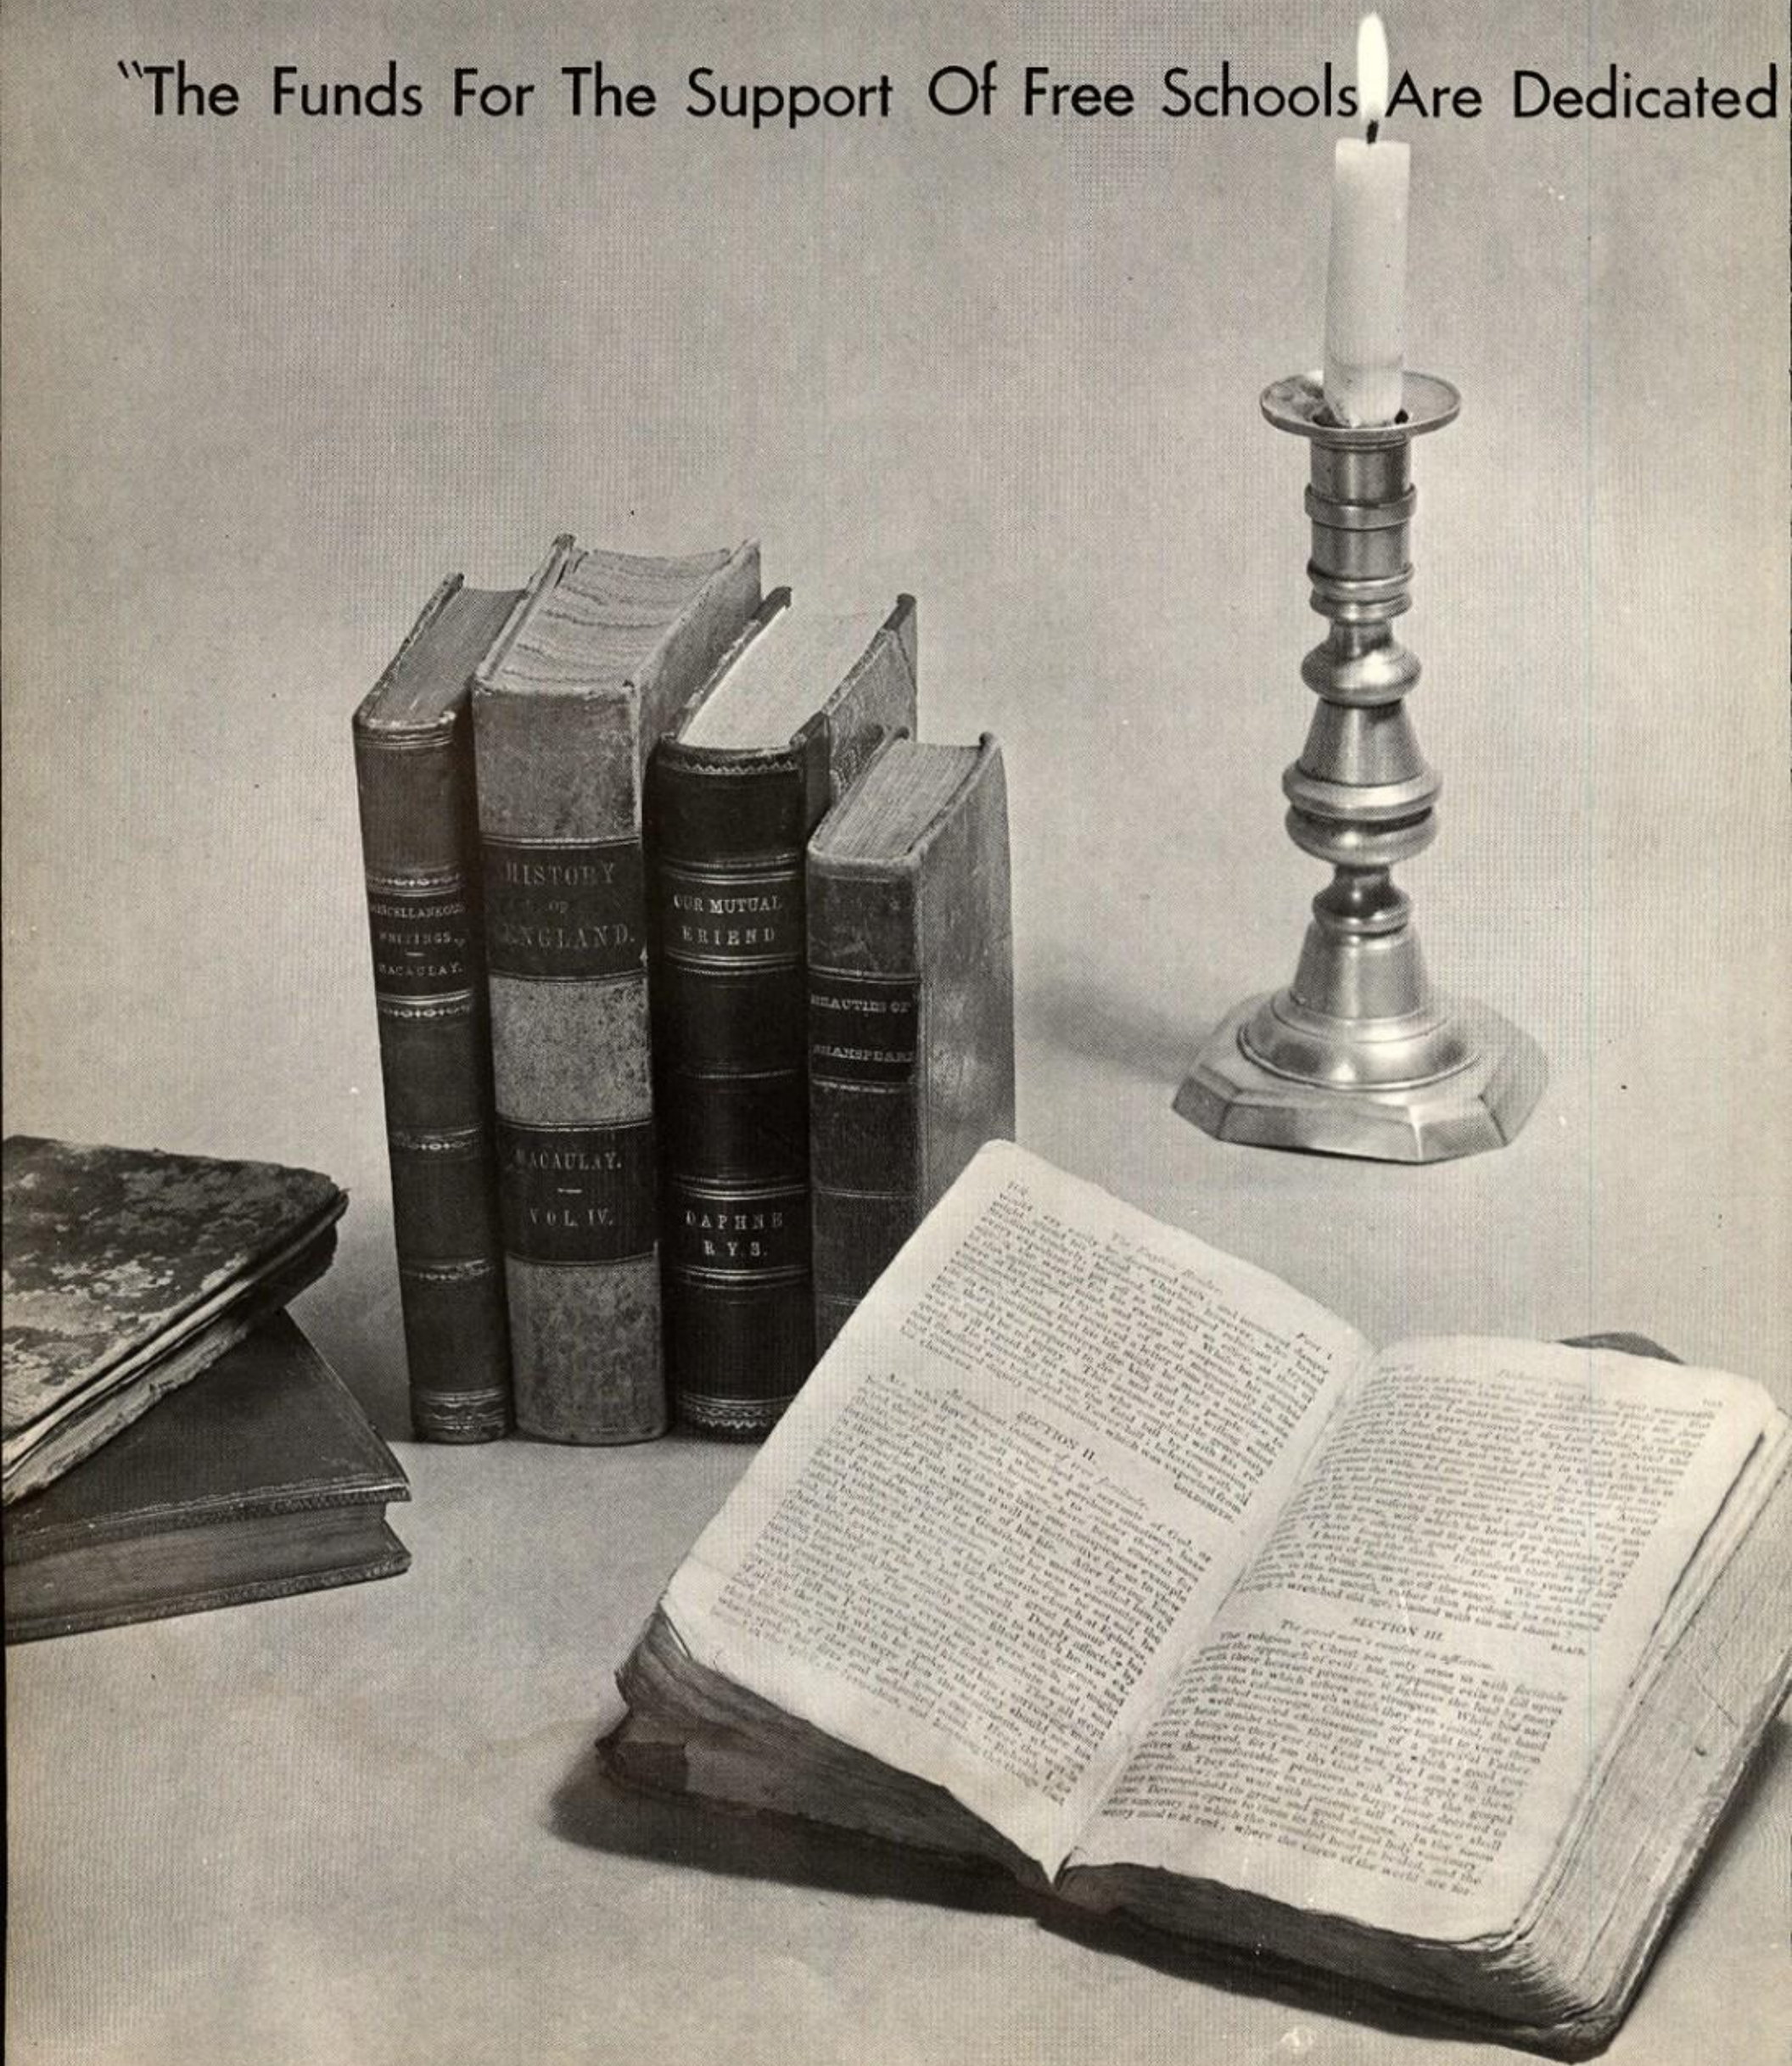

Early Religious Memories of Our Community

The Phillipsburg (Greenwich on the Delaware) log church stood somewhere near present corner of Hudson and Brainard Streets. The church was a Lutheran Mission and probably the first in West Jersey.

In 1882, William G. Tomer, a native of Phillipsburg, composed the melody of the hymn "GOD BE WITH YOU TILL WE MEET AGAIN."

"The Funds For The Support Of Free Schools Are Dedicated

For The Equal Benefit Of All The People Of The State."

Educational Highlights

- The educational system of 1847, however crude it may seem today, was sufficient to provide an education for the children of Phillipsburg. Since no state supervision of the schools existed, our School Board prepared the rules and curricula governing the education of the children of Phillipsburg. There was no certification of teachers — anyone could teach if he could get the approval of the School Board. The Superintendent of the Schools received no compensation for his work, except that of the honor of the position. The children in the Phillipsburg schools, as noted by the superintendent, were good in spelling and arithmetic.
- Phillipsburg High School was organized in October, 1871. It occupied the third floor of the newly constructed Freeman School which was built and furnished at a cost of \$46,000. The students of the high school enrolled in either the Classical Course, which prepared the young men to enter any American college, or the Normal Course. The organization and erection of the high school was the result of the perseverance and energy of Mr. Samuel Freeman, the Superintendent of Schools, who many consider the father of our present school system. Mr. Freeman was instrumental in building the first high school, caustically called the "Crystal Palace" by a political group opposing its erection; and grading the school system into primary, secondary, intermediate, grammar, and high school.
- Phillipsburg High School was moved to the Lovell Building on South Main Street in 1890, where it remained until 1907. The high school's next home was in the adjoining Reese building. It wasn't until 1928, with the erection of an attractive \$628,000 school of colonial architecture, that Phillipsburg High School received its present site on an imposing hillside.
- Clarence Sloane guided the educational development of Phillipsburg first as high school principal and then as superintendent of schools. Michael Maloney, outstanding as principal from 1934 to his death in 1953, was the father of Phillipsburg's great football tradition.
- Mr. J. Charles Wanamaker was appointed principal in 1953 and has been serving in that capacity since that time. It was during Mr. Wanamaker's administration that a \$2,000,000 addition and modernization program was undertaken and completed in 1959. The high school has expanded from a crowded school having a capacity for 750 pupils on a 26 acre plot, to one which can accommodate 1600 pupils on a campus of 41 acres. This campus which contains a unique arboretum with 180 different species of trees has become quite famous. It is a comprehensive high school offering a broad program of studies for those going to college, business and industry. Its curricula are subjected to numerous studies and revisions as to meet the need of its graduates. The high school is approved by the Middle States Association of Colleges and Secondary Schools and the State Department of Education. Its graduates include among others, the Governor of the state of New Jersey, Mr. Robert B. Meyner, and the President of the American Bar Association, Mr. Sylvester C. Smith.

Board of Education Accomplishments 1961

- Addition of several more acres to the high school for:
 - Girls' hockey and play fields
 - Boys' and girls' outdoor recreation area
 - Student parking lot
- Continue the program of painting the interior of the high school
- Improvements of brick walks and paths on campus and in quadrangle for students
- Expansion of Language Laboratory for teaching foreign language
- Accreditation of the Middle States Association of Colleges and Secondary Schools.
- Additional equipment and supplies in various science rooms
- Introduction of a new course for senior mathematics
- Addition of new course in notehand for college bound seniors
- Introduction of SRA developmental reading program in English Department.

Organized in October 1871, Phillipsburg High School occupied the third floor of the newly constructed Freeman School. Exceeding its estimates by thousands of dollars, it was referred to as the "Crystal Palace".

The Reese Building was used as the high school from 1907 until 1927.

Superintendent Co-Ordinates Civic And School Activities

Dr. Herbert K. England is completing three years as Superintendent of the Phillipsburg Public Schools along the Delaware River.

Dr. England's belief in creative use of leisure time has encouraged our state championship football team. This year, Dr. England watched the girls launch into interscholastic sports on new play areas. His belief in measuring standards of *Time and the River* steered Phillipsburg High School into the Middle States Association accreditation.

Dr. England's office on Main Street is on the main stream of civic activity. He is co-chairman of the Centennial Pageant Booklet. For towns people and students, Dr. England always has an open door. They and he are "of the river."

Pilots Our Course

Mr. J. Charles Wanamaker, Principal of Phillipsburg High School, has watched *Time and the River* for eight years. Never standing on the banks to watch only, Mr. Wanamaker has continually guided hundreds of students in their high school trips on the river.

This year one of Mr. Wanamaker's most important visions of the river became a reality; namely, the accreditation of Phillipsburg High School by the Middle States Association. Together with plans for developments of school grounds and homogenous grouping, Mr. Wanamaker is a busy schoolman.

But our principal is conscious of the towns along the river. He is a member of both Phillipsburg Centennial and New Jersey Tercentenary Committee, and Human Relations Commission from Phillipsburg and Easton.

It can be truly said that Mr. Wanamaker is not "drifting and dreaming" along our river. Instead, he acts as our Pilot and directs our course up-stream to goals beyond the bend.

Mr. Wanamaker, as a rare book collector, shares a historical volume with Mrs. Wanamaker and daughter, Mary Helen.

Mr. Wanamaker collaborates with William Troxell in reviewing historical pictures of Phillipsburg to make the past come to light during Centennial Year.

"The Easter program will be postponed until March 29," dictates Mr. Eckler to Sandy Brotzman, a commercial student. One of Mr. Eckler's duties is scheduling assembly programs.

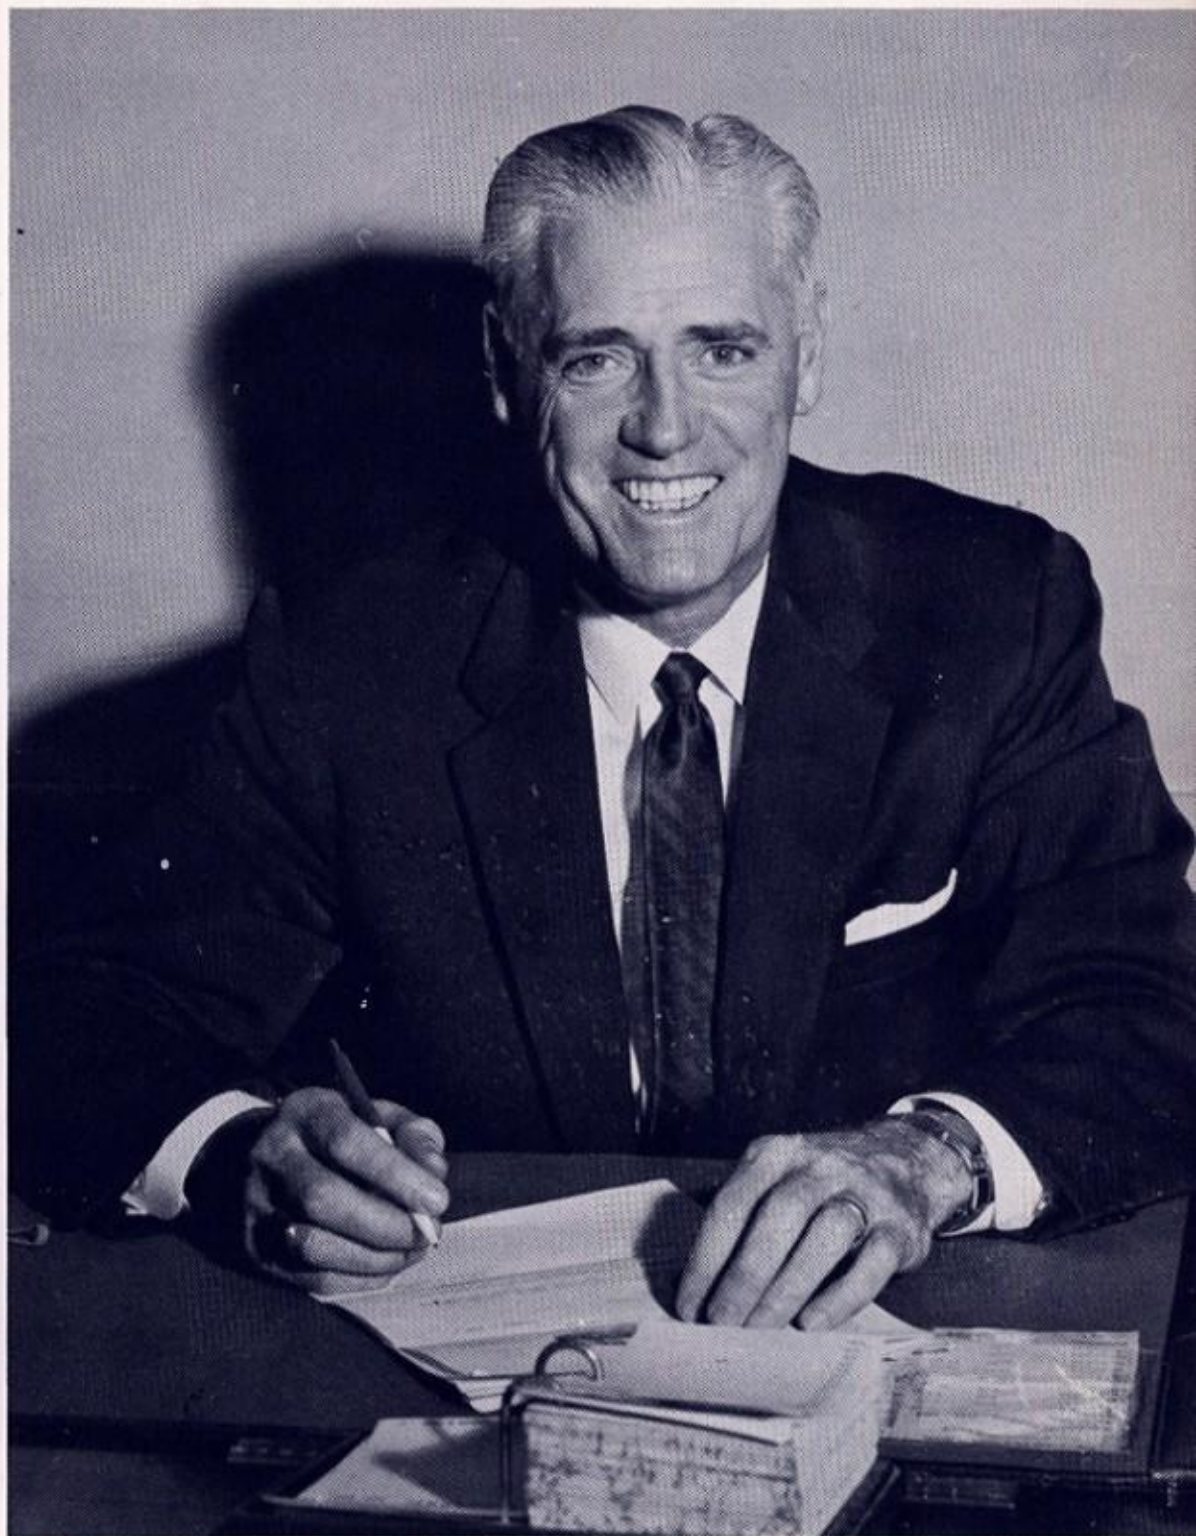

Vice-Principal Promotes Our Business Enterprises

Mr. Guy M. Eckler serves our school as vice-principal as well as head of the Commercial Department. In these capacities at times he is both skipper of the river and director of the river enterprises. A new venture is the operation of a school store where longshoremen and lasses gain valuable experience in techniques of salesmanship. For the college preparatory students Mr. Eckler has added a "notehand course" to enable them to take notes efficiently. Thus through Mr. Eckler's efforts, Phillipsburg High School, overlooking the Delaware, has become a river-lock raising its levels to new and higher educational opportunities.

Supervisor of Instruction Serves As Toll Housekeeper

In 1861, toll housekeepers on bridges along the Delaware River knew everyone, collected fees, and kept records of flood tides. In 1961, Mr. Fred Leonard is toll housekeeper of our school. He is our registrar and supervisor of instruction. As a teacher of history, Mr. Leonard is experienced instructionally to observe the tides of classroom procedures. As track mentor and assistant in football, Mr. Leonard is proficient athletically in coaching boys — not for games only — but for rowing together in the tides of life.

Guidance Counselors Help Students Solve Problems

Two full time counselors and one teacher-counselor concern themselves with student guidance and student problems. Mr. Conwell is charged with the tremendous task of helping freshmen and sophomores with their problems. Mrs. Sharp advises the juniors and seniors about colleges and vocational opportunities. Mr. Richards is in charge of the testing program. Using all the resources at their disposal, the counselors help students to discover where their aptitudes and interests lie. Personal interviews help students with their personal problems and in making the right decision in preparing for the future.

Guidance Counselors, Mr. Conwell, Mrs. Sharp, and Mr. Richards, study the entrance requirements of one of the many college catalogues.

In the medical suite of the school, Dr. Spillaine, our school physician, gives Robert VanEmburg a thorough physical examination.

Doctor And Nurse Guard Health Of The Students

Nurse Rafferty who is on duty full-time in the medical suite assists Dr. Timothy Spillaine, the school physician, in the annual medical examination of all students. Together they carry out the rules regarding contagion, excluding students from school whose presence in the classroom may be detrimental to the health of others. Included in the annual duties of the nurse are giving the various tests for T.B. to students and faculty; checking students for defective vision; administering first-aid for minor accidents; and keeping a permanent health record of each student. This year students interested in nursing assisted Mrs. Rafferty and Dr. Spillaine during their free periods

Nurse Rafferty cheerfully renders first aid to Robert VanEmberg.

Preparing the pudding and salads for lunch are Mrs. Lawrence and Mrs. Bond.

Mrs. Mae Snyder and Mrs. Marguerite Snyder prepare a portion of the many pounds of potatoes eaten daily by our students.

Mrs. Baty and Mrs. Masterson prepare the desserts and sandwiches which are soon consumed by the large number of hungry students.

Cafeteria Ladies And Custodian

Working long before classes begin, the cafeteria staff, headed by Mrs. Florence Cook, prepares ever increasing amounts of food for the students. Each day fresh fruits, vegetables, milk, bread and other staples are delivered to the kitchen. Approximately 5,780 sandwiches are consumed monthly. To meet the needs of keeping the building clean and in first class condition the custodians are organized in two shifts. Mr. Bond, Mr. Favley, and Mr. Hammerstone can be found on the day shift. They are responsible for the building itself and the grounds. Mr. Bender and Mr. Wyant, who are on the night shift, take care of the main building and the gymnasium.

Mrs. Cook heads our cafeteria staff.

Mr. Bender helps Mr. Bond solve one of the problems that they face daily.

bly Serve Student Needs

Mr. Wyant, Mr. Hammerstone, and Mr. Bond work together to fix the parallel bars. The custodians keep the school and grounds in order.

Academic

For lack of education, Thomas Wolfe felt that he was a youth "drowned in the deepest sea—an atom, bombarded, ignorant of all defense in a tumultuous world . . . he was nothing, nobody." The young people of Phillipsburg High School are instilled with a sense of adequacy. Our teachers, through their understanding, encourage all young people to do their best. Through knowledge of educational techniques, teachers supplant "unfathomable ignorance" with the "beginning of wisdom".

Under the watchful eye of Susan Brooks, Ellen Maddock practices correct laboratory techniques.

Seniors Look To The Future

How fast the past four years have gone!

Our four years sojourn at Phillipsburg High have about come to an end. Now, we are impelled onward by a future of beckoning experiences. But first, call to mind many fond memories of our school days. There was the thrill of receiving our class rings, enjoying our Sophomore Hop, and attending our Junior Prom, our first formal.

Our senior year was complete with memorable activities, including Grub Day, our Crazy Day Ball, Class Day, and the long-awaited event, Commencement. Now that the dream of graduation has become a reality, each and every member of the Senior Class realizes that many of our paths will not cross again. But, no matter where the patterns of our lives may take us, the memory of our dear *alma mater* and what it has done for us will linger.

Guess who — no, Guess what! Its Bob Cole and Barry Miers at the Seniors traditional Masquerade Dance.

Juniors Accept Greater Responsibilities

As juniors we have reached another milestone of our high school career. With the status of upperclassmen, we have taken on many new responsibilities. We have established ourselves in many fields, extra-curricular activities as well as academically. The courses which we have chosen contain more difficult subject matter, which required us to devote many hours to home study. We now study higher forms of mathematics, languages, and science in more complicated levels as we prepare ourselves for college and our life's work. Many long hours were spent making our major class activity, the Junior Prom, a success. As our junior year ends, we are looking forward to many interesting activities next year, when we shall achieve our senior status.

Sharon Smith is reminded of the past exploits of Phillipsburg athletes as she looks at the trophies on display in the foyer. This display will remind all future students of the school's achievements in sports.

Sophomore Class Officers — Stanley Rumfield, president; Vicki Giordano, vice-president; Mary Lee Youpa, secretary; Thomas Patti, treasurer discuss the Sophomore Hop with their advisors Mr. Lucernoni and Mr. Leonard.

Sophomores Accept Greater Responsibilities

Last fall we excitedly resumed school attendance as we claimed our roles as sophomores. No longer freshmen, we acquired new poise. Two of our great anticipations were receiving our class rings and arranging for the "Hop."

Our sophomore year was accompanied by more frequent guidance conferences and accelerated programs. We have progressed considerably in our desire for learning and have taken important steps in that direction. We were represented by a high percentage of class members on the honor roll.

Several outstanding sophomores made important contributions to our school life scholastically as well as athletically. Many second-year players were selected to the varsity football squad this year. In the coming two years of our high school careers, we hope as upperclassmen to achieve a brilliant class record.

Freshmen Enjoy High School Status.

On September 7, 1960, we freshmen numbering four hundred and ten gathered at Phillipsburg High to begin our educational journey for the next four years. The first day we met our teachers, received our schedules, and learned about the code of conduct expected of us. By the end of the first four weeks we become accustomed to the routine of Phillipsburg High. We joined clubs of our respective interests and participated in athletic events. Working together to produce our main social event of the year, The Freshmen Frolic, we developed that sense of unity and the feeling that the class of '64 was an important part of the school.

Activities

Thomas Wolfe, the author, wrote "A Legend of Man's Hunger in His Youth", which reflected his lack of fellowship with family and friends. However, on the Jersey bank of the Delaware River, aboard the "Show Boat of Activities," every student has an opportunity to "belong". Choirs, bands, drama clubs, journalism groups, in addition to sports and social organizations, help satisfy the *hunger of youth* for social participation.

Council Has Busy Schedule

This year, the Student Council maintained its record of dynamic activity. The members continued their program of selling school jackets and underclass pictures. At Thanksgiving, they supervised the collection of food for needy people. They decorated the auditorium and cafeteria for Christmas.

During Student Council Week, our representatives attended a conference at Rutgers University aimed at developing good citizenship in the New Jersey member schools. Driving to the meeting, November 16, were Jeff Pierfy, Chris Yost, Carol McGuire, Bette Ann Stryker, and Terri Allen.

At commencement, the Student Council made their annual awards of two Michael E. Maloney Scholarships worth one hundred dollars each to a deserving boy and girl of the graduating class.

Designing posters are Carol McGuire, Bette-Ann Stryker, and Pat Pierson, while Bob Jarvis, Helen Hamlin, Diane Sassman, and Terri Allen make further plans for the Council dance.

Council Meets

Making plans for the next Council meeting are Jeffery Pierfy, president; Bette-Ann Stryker, vice president; Daniel Mellick, treasurer; Beverly Sogaro, secretary; and Diane Sassaman, corresponding secretary.

With Easton Students

Several weeks, prior to the Thanksgiving Day football game with our traditional rivals, our Council met with the officers of the Easton Student Council. With the object of maintaining the highest level of relations between the two schools, the Councils drew up a code of conduct which was publicized throughout our joint area. To this effort must be given much credit for the spirit of cooperation amidst friendly rivalry which characterized our annual Turkey Day event.

Science Club Sponsors Assembly Programs.

Under the direction of Mr. John Sulcoski, the Science Club achieved new goals this year. The purpose of the club is to further the interest of those members planning a science career as well as to satisfy the curiosity of those who do not plan to follow up a job in science. This is accomplished through lectures given by our members on various subjects. This year we were honored by a visit from Dr. G. M. Gantz, program manager at General Aniline. He presented a very interesting speech entitled "Research to Reality" at our science assembly. Following the speech was a movie, "Rubber from Oil" which exemplified all of the stages in developing a new product. Three club members, George Freiman, Joseph Shering, and James Hnath, entered projects in the Central New Jersey Science Fair.

President Wm. Peters, Vice President R. Moore, Secretary J. Cahill, and Treasurer J. Arcadapaino, discuss a manual written by Mr. J. Sulcoski.

Biology Club

Visits New York Museum

What makes a plant grow? How does a starfish breathe? How does a living creature develop from a single fertilized egg? These and many other questions are of concern to the members of the Biology Club. Almost everyday you will find students working in the biology room. Some of their projects this year were: taking pictures of the various stages of an embryo chick; making a model of the circulation of the blood; studying the responses of plants to various soil types; observing an Ant Farm, and the building of a bird feeder for the school's arboretum. Each year the club visits the Museum of Natural History in New York City. Funds for the trip are partially raised by holding a dance known as the "Bug Hop." Mr. Knapich is the adviser.

Catching the Christmas spirit as they trim the tree are Charles Kunkle, Jim McBride, Eric Engle, Paul Torcivia, and Mr. Knapich.

Career club presidents Diane Sassaman, Maureen Thompson, and Dorothy Mills discuss the advantages of attending a college.

Career Clubs Give Students Practical Experience

Students who are planning a teaching, nursing, or business career join one of the clubs devoted to the exploration of career possibilities in their chosen fields. Field trips were made by the Future Teachers of America Club to the New Jersey School for the Deaf, and Glassboro State College. In order to gain experience in teaching, they tutored students having academic difficulties. Girls interested in nursing took advantage of the opportunities offered by the Future Nurses Club. They were given an insight into the various aspects of nursing by visiting Muhlenberg and Easton hospitals, and gained practical experience by working in the high school's medical room. The Commercial Club sponsored a variety of activities to acquaint its members with the various duties and opportunities of the business world.

Y-Teens Participate in Centennial Activities

"Oh," says Vicki Giordano to Pat Pierson and Cheryl Van Emburg. "I think that is the ideal theme for our float."

The Y-Teens, a teenage branch of the Y.W.C.A., is mainly concerned in the development of today's young women. The activities of the club provide for the growth of spiritual, social, and educational interests. Annually, the clubs participate in the spiritual recognition service at the Colton Memorial Chapel. Periodic dances and three semi-formals provide for social activity. While educationally speaking, Y-Teen Rally Day gives the girls a chance to meet and better understand the world and its peoples. Delegates from each club attended a conference in the Poconos, which proved to be very helpful. For the Christmas Bazaar, the clubs prepared decorative baskets, novelty pillows, wrapping paper, and Christmas preparations. However, the main concern of the clubs this year was the contribution of a suitable float for the Centennial Parade.

SENIOR-JUNIOR Y-TEENS — FIRST ROW: Roberta Anderson, Patricia Pierson, Shirley Orth. SECOND ROW: Bette-Ann Stryker, Anne Harkick, Margaret Heil, Marie Coleman, Joanne Pfeffer. THIRD ROW: Faye Dennis, Judy Struthers, Barbara Molner, Ruth England, Doris Kirkendal, Susan Brooks. Hostess Club members, Jennifer Everhart and Rae Nicrone, welcome Elaine Ditze and her parents to "Open House".

Service Clubs Help All Students

Without the service clubs, Phillipsburg High School would find it much harder to operate efficiently. These clubs provide help in several areas of activity. Of the three clubs, the Hostess Club is, perhaps, the best known to both outsiders and the student body. The members of this club may be found on duty at any one of our sport events. They also act as receptionists at school functions, doing their best to make visitors feel welcome. The Library Club has the important job of helping to maintain the library. Whenever the librarian needs assistance, these members are available. Last, but not least, is the Stage Crew. The boys in this group have the very important duty of maintaining the stage and its equipment and the school grounds. We owe a great debt to these clubs.

Publication Club Aids Karux Staff.

Under the supervision of Mrs. Marion May, the Publication Club aids the Karux Business Staff. The club is open to anyone who is interested in the financial support of the yearbook. This support is given by the club through many activities. Among their tasks the members contact business men for advertisement in the yearbook; make appointments for pictures to be taken for the advertising; and obtain patrons. If a member acquires ten patrons, he is entitled to receive one Karux, free of charge.

German Club Instills Cultural Understanding

Die Diutsche Verein, or German Club, was formed as a result of the increasing interest and scholarship in the study of German. Members of this club strive for a more complete understanding of German customs, traditions, language, and its people. Under the sponsorship of Mr. Richard Buralli, they gain a greater appreciation of the German culture by the viewing of such filmstrips as *Wintersports in Germany* and *Danube Countryside*. During meetings of this club, stories, poems, songs, and slides are studied. The German Club is a very worthwhile extracurricular activity for all German students, because it affords an opportunity for a more thorough study of the language.

Chess Club Encourages Intellectual Competition

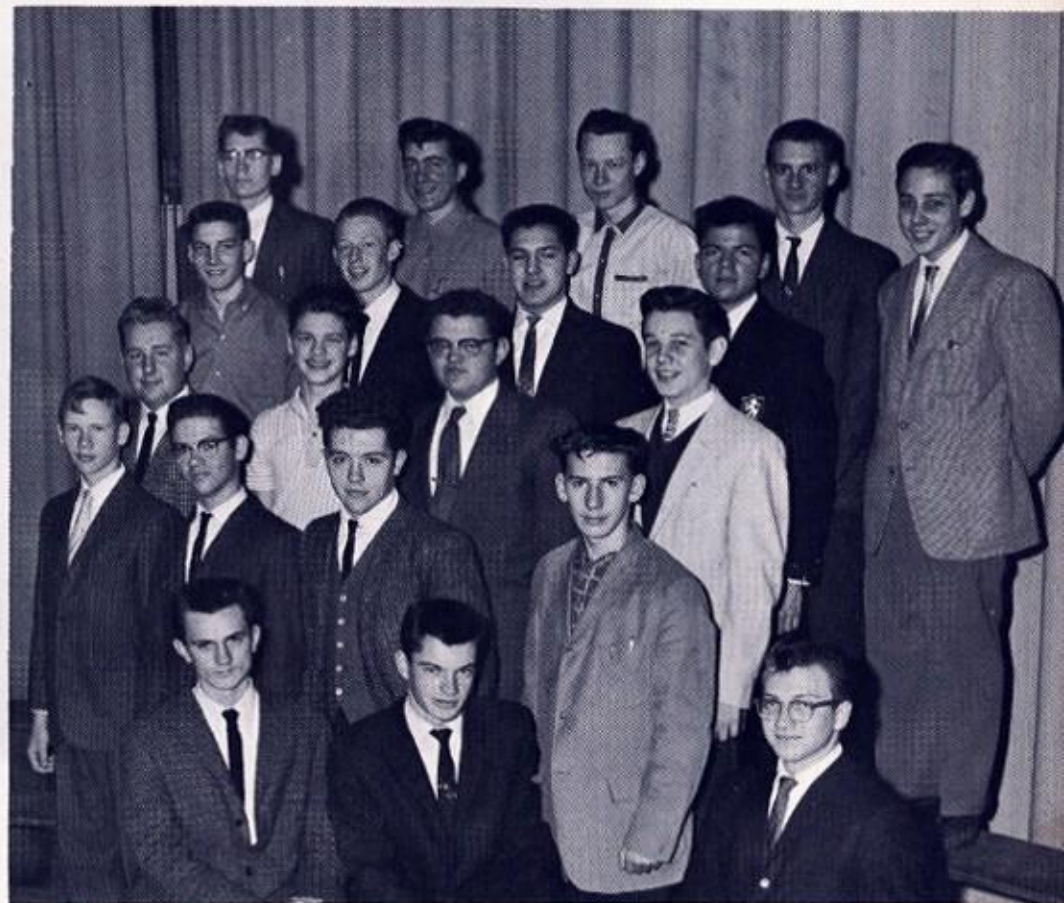

Among the many school clubs, the Chess Club is one of the most popular. Through membership, chess fans are afforded the opportunity to sharpen their game. Beginners also have an opportunity to receive instruction from the better players. Those who have some experience may participate in the Penn-Jersey Scholastic Chess League, a league in which competition reaches great heights.

CHESS CLUB — FIRST ROW: Ray Imlay, Bob Shipe. SECOND ROW: William Nenow, Russel Johnson, Sandy Wolfe, Barry Cicale, Larry Winters. THIRD ROW: Larry Hall, Walter Sutphin, Ronald Hall, William Lee. FOURTH ROW: Karen Gerspach, Margaret Scheuring, George McBride, Frank Contuzza. FIFTH ROW: Israel Yost, Anthony Corriere, Thomas Knoble, Douglas Walters.

Drafting Club Explores The World Of Drawing

During the year, the Drafting Club examines the various phases of architectural and mechanical drawing. As mechanical drawing students, the members gain practical experience necessary for industrial drafting. The members of this club learn about the principles of architectural designing during their business meetings. These drawing students study foundations, framing, roofing, stairways, windows, and the types of homes best fitted for the community. Through field trips and speakers the prospective drafting students are exposed to the world of drafting.

DRAFTING CLUB — FIRST ROW: Andrew Baka, Treasurer, Frank McGrath, Vice President, Michael Regitz, President. SECOND ROW: Mark Miller, Harry Wyant, Glen Harrison, Roger Marason. Service League Patrols Hall Traffic, Monitors Cafeteria

The Service League is an organization whose chief role is exactly all that its name implies. This group of fifty-six students renders various types of service to our school. They act as the traffic patrol in the halls, monitors in the cafeteria, and lend a helping hand whenever or wherever it may be needed. In addition to these activities they also hold a yearly dance to raise money for a scholarship fund to be given to a deserving senior. Members of the league must meet certain requirements. All participants must have passing grades, regularity of school attendance, and be above average in personal appearance and deportment. A Service League member is truly a representative of Phillipsburg High School. They have been especially busy and alert during 1960-1961 partially due to the excellent direction of Mr. Yost and Mr. Gilroy, their advisors.

President Ricky Hackett stands at his Service League post ready to keep students traffic moving smoothly in the corridors.

Archery Club Member Holds Junior State Championship

Archery, one of America's fastest growing sports, is very popular in Phillipsburg High. Since the innovation of the Archery Club, the response has been so great that it became necessary to limit membership to those who own equipment. Under the leadership of Mr. Dragotta, this club endeavors to improve the ability of its members, and at the same time impressing upon them the rules of safety. It is indeed fortunate in this respect to have among its members David Nase, the current State Junior Archery Champion. David is also one of the top archers in the nation. Weather permitting, the members utilize the club period practicing the fundamentals. In foul weather, discussions were held in the school gymnasium.

Archery Club President, David Nase, shows beginner Don Kelly how to notch an arrow into the bow, during a club meeting.

FIRST ROW: Douglas Thatcher, Donald Kelley, Robert Strebic, Robert Wheller, Gerry Miller, David Nase.

Mr. Richard Exley, Vocal Music Director

Music Groups Entertain School And Civic Organizations

The Vocal Music Department of P.H.S. is composed of three choruses. The girls' Freshman Chorus has 43 members. This is not a performing group, but the girls rehearse, preparing for either the Mixed Chorus or the girls' A Cappella Choir. This year the Mixed Chorus was augmented by some of the freshman girls in their Christmas Vesper Service. The Mixed Chorus has 70 members who perform at the Christmas Vesper Service, the Spring Concert, and two school assemblies. The girls' A Cappella Choir is the entertaining group of the high school. These 34 girls sing for civic groups and organizations in the area.

Band Entertains At Assemblies And Concerts

Parading in garnet and gold uniforms the marching band, under the direction of Mr. Imlay, thrilled the crowds at the football half-time show. During the games and at pep rallies they played the fight songs to stir the crowd to more enthusiastic support of the team. During the football season they practiced each morning to perfect their marching. Between the halves of the Thanksgiving Game, between Easton and Phillipsburg, they played several selections with the Easton Band. After the thrilling fall season, the brassy fast-stepping ninety-six became the reserved talented Concert Band which presented a Spring Concert featuring both popular and classical music. Those members of the band especially interested in modern music organized a Dance Band. This group contributed their services to various school functions. The group climaxed their social activities by attending the All-Sports Dinner at the Pavilion. There they were commended by speaker, Mr. James Ringo, on their loyalty and support to the football team.

National Thespians Popular With Students

Dramatics flourish in our school through the talents of the National Thespian Society. Working in conjunction with the Thespians are the members of the Book and Mask Club. Together, these two clubs sponsored the production of the annual school play, "Beauty and the Beef." This three-act comedy was written by William Davidson and was directed by Mrs. Lillian Ralph. Performed before a sell-out house on February 25, this play met with great success. Working on the set behind the scenes were members of the Stage Crew, under the supervision of Mr. John Wilson. Assisting the Stage Crew were members of the Art Club, and Mr. William Schwartz, the art director. In addition to this play, the members of these clubs participated in many school assemblies.

Karux Newspaper Popular With Students

Each month the Karux Newspaper staff publishes a student paper which is interesting, informative, and entertaining. They enjoy "hounding out" stories as well as gaining practical journalistic experience. When deadline approaches, one hears such remarks as these: "Janet, check the editorial for size. Abby, the picture's ready. Pick up Jack's picture of the game, please. Deadline is the 10th. Ask Mrs. R. to check the articles. Chick will take the copy in." Sometimes Mrs. Regrut wears a slightly harried expression arising from the responsibility of making sure that her charges operate in approved journalistic manner. The success of her advisorship was borne out by the "Honorable Mention" rating given the Newspaper by the New Jersey Scholastic Press Association.

The difficult job of editing the paper every month is undertaken by Susan and Sallie Crozier, Dan Roble, and Rita Rammrath.

Mrs. Regrut, Terry Allen, and Helen Hamlin express their satisfaction as they inspect the new edition of the Karux.

Betsy Ward interviews and becomes acquainted with Mr. Schleigle and Mr. Lutz, the two new members of the faculty.

Jack Emery, Abby Arveson, Herb Bagley, and Janet Hill prepare the next addition of the school newspaper.

Kathleen Pini sets out with the new editions of the Karux for distribution in the homerooms.

Yearbook Staff Commemorates Centennial

The Karux Yearbook provides a memorable record through pictures and write-ups of the events of the year. This year, the editorial staff has assumed greater responsibility than ever for historical research, and the recording of past and present events, to commemorate the Phillipsburg Centennial. The members participated in such diverse activities as attic searching for historical relics and interviewing senior citizens for their early memories of our town. The business staff, under the direction of Mrs. May, handled the financial details. With the indispensable help of Mrs. Thompson, the editorial staff directed their efforts effectively.

Honor Society Holds Reception For Parents

The Phillipsburg High School Chapter of The National Honor Society is composed of the upper fifteen per cent of the senior class and the upper five per cent of the junior class. Election of membership is based on scholarship, character, leadership, and service, and a minimum grade average of 86 being required in all subjects. Under the able guidance of Miss Evelyn Conant, the Honor Society has had a very successful year. The tutoring service available to students needing help in academic subjects had been greatly expanded. A sale of paper back literature acceptable for book reports was also held. One of the year's highlights was the induction of new members at the annual Open Meeting followed by a tea for the members, their parents, and the faculty. This year, the Honor Society of Phillipsburg High School was honored to be host at a meeting for officers of all Warren County high school Honor Societies.

Terri Allen and Helen Hamlin serve Ann Willever and Karen Stocker punch and tea at the annual reception held for the new members and their parents.

Yearbook Club Raises Funds For Conference

Underclassmen interested in the production of the Karux Yearbook may become members of the Yearbook Club. Sponsored by Mrs. Thompson, this club cooperates with the yearbook staff in organizing the material for this annual publication. The Club members help in many ways such as preparing writeups, aiding the photographer in scheduling and underclass picture taking, and identifying the subjects in the pictures. Each year the club sponsors a dance to arouse the spirits of the team and the student body for the Thanksgiving Day football game. The players are honored. Money raised is used to send delegates to the Columbia Scholastic Press Conference in New York City.

Cheerleaders Attend Conference At Red Bank

This year girls from our cheerleading squad attended a conference at Red Bank High School where they learned new cheers and stunts. Under the leadership of Miss Gibbs they taught us new songs and cheers. At the pep rally preceding the Thanksgiving Day game the girls, wearing uniforms and helmets, imitated the varsity players and staged a mock football game. This year a junior varsity squad was formed. Performing at J. V. functions and substituting for the varsity cheerleaders, they receive training and practical experience for possible future service with the varsity squad.

FIFTH ROW: Steve Jurinko, Dale Bodai, Wayne Condon, Thomas Allen, Carl Canfield, Herbert Stecker, Ralph Eike, Francis Tersigni.

Varsity Club Members Promote Good Sportsmanship

To become a member of the Varsity Club a boy must win a varsity letter in an interscholastic sport. A varsity letter is awarded when a player has participated a certain amount of time in the given sport. Earning this letter requires hours of practice, hard work and obeying training regulations. Managers and trainers also have the privilege of being members. The Varsity Club, under the direction of Mr. Harry Lair, has undertaken many duties. They enforce the school rules against smoking and the crossing of the school lawn. However, their main objective is to promote good sportsmanship in all fields of athletics.

Athletics

Our Centennial town is the place of outstanding athletes: of gridiron greats forging across the goal line, of versatile fast-scoring basketball quintets, of crafty wrestlers leaning over their rivals seeking a quick fall, of speedy trackmen outperforming their rivals, of baseball players snaring liners, making hits, and stealing bases — these and more are the sports at the athletically-minded Phillipsburg High School.

Head Coach Bellis lights the victory bonfire which symbolizes our inspired victory over our annual Thanksgiving Day rivals.

Our victory bonfire produces the necessary light to bring out silhouettes of many of the season's faithful team followers.

Under the power of Smith's magic toe and Bronico's powerful legs, the Stateliners gained a Thanksgiving Day victory, as well as State Championship recognition.

Inspired Garnet Unit Nips Favored Easton

An inspired Stateliner squad defeated their traditional Turkey Day rivals in a hard fought battle. The 55th game of the series brought to the crowd of 19,500 fans the annual thrills and excitement that are traditional to the Easton-Phillipsburg contest. The Stateliners took the first opportunity and benefited with a 7-0 lead. The Rovers struck back with a goal line threat. The Garnet defense put on the pressure and staved off the only first half goalward attempt. The second half produced a thrilling spectacle which lasted until the final seconds of the game. The Garnet defensive unit dug in once more and held back a passing attack and an attempted field goal. The Stateliners were given the honor of being named Section Four District two State Champions. They were also honored by the student body with a victory bonfire celebrating the Turkey Day game. The successful season of the squad was made possible by their desire and determination to win. Despite their relatively small size the team gave all they had to bring this honor to our school.

In the early moments of the game quarterback H. Bagley launches a Stateliner aerial attack, while dodging oncoming opponents.

Excitement mounts and is expressed in the locker room ending the biggest and most exciting excursion of the 1961 season.

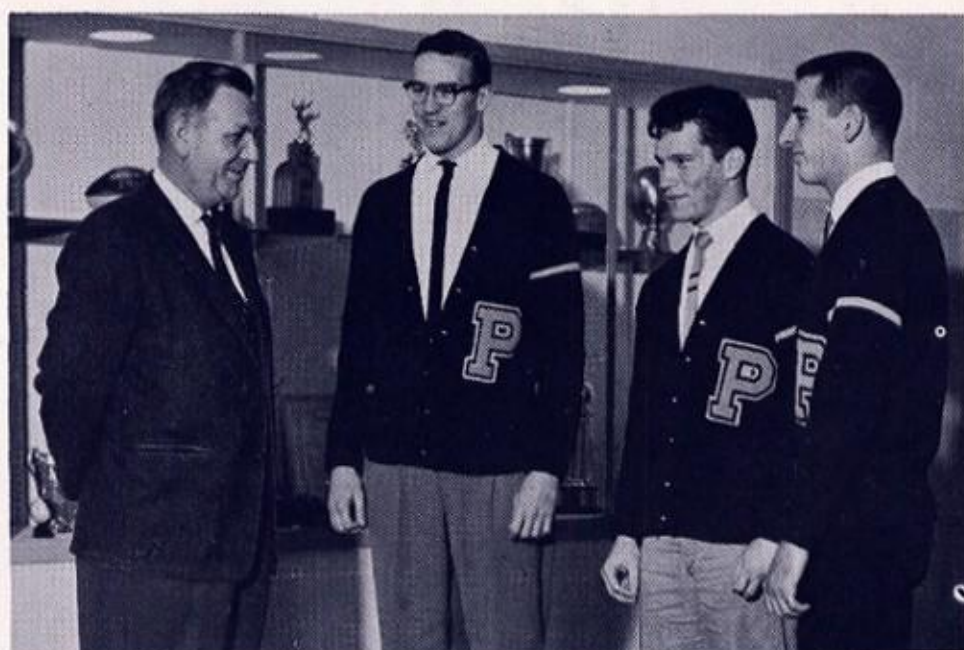

As a breathtaking play resumes, great tension mounts between coaches Miller, Leonard, and Bellis, and new trainer Faurbach.

Undefeated Season Produces State Champions

NORTHAMPTON (0-7) — All-state fullback J. Bronico tallied in the second period to send the Garnet on their way with a victory over the Concrete Kids. The victory ended a 17 game winning streak set by the foes. Sharing in the spotlight halfback D. Fleming lugged four punts for a total of 99 yards. The Stateliner defense held the short punt formation scoreless, and ran out the clock to win it.

MEMORIAL (0-12) — On a mud filled gridiron, the Garnet gridders slushed through their second victory. A pass from senior signal caller H. Bagley to halfback R. Havilscek set up the first score. Once more fullback Bronico led the second attack to set up the final score. The Garnet defense showed its splendor, holding the Mems to a scoreless finish.

Coach Bellis confers with first team all-state candidates John Bronico and Tom Allen and second team candidate James Dick.

Junior halfback John Eck lugs the pigskin gaining yardage before being tripped up by an opponent.

1961 VARSITY FOOTBALL SQUAD — FIRST ROW: Ed Fry, Harry Smith, Ralph Lutz, Jack Emery, Tom Allen, Lee Carpenter, John Bronico, Steve Jurinko, Herb Bagley, John Benol, Wayne Condon, Doug Fleming, Dan Mellick, Leroy Klipple, Bob Havlicsek, Dick Cowell, Dan Still, John Eck. SECOND ROW: Head Coach Bellis, Coach Miller, Trainer Fauerbach, Raymond Gara, Jim Dick, William Hayford, Daniel Moretti, Bob Freer, Fran Tersigni, Bob Stout, Paul Lyle, Bob Dilts, Stanley Rumfield, Tom Patti, John Korp, Les Kish, Coach Leonard, Coach Pambianchi, Coach Conwell. THIRD ROW: Frank LeCause, John Stana, Ed Rocoroni, Sal Patti, Art Woepple, Bob Bronico, Floyd Vansyckle, Jack Maddock, Herb Scherer, Dale Bodai, Herb Stecker, Bill Troxell, Tom Ciulla, Mike Hummer, Bill Hughes, Dave Dalrymple, Coach Jiorle.

NEW BRUNSWICK (0-14) — Continuing his assault of the opposition, fullback J. Bronico scored twice to set the pace for the third victory in a row.

Senior guard H. Smith converted to set the final results. The Garnet defense, led by all-state T. Allen, remained stable holding the Zebras scoreless.

WM. ALLEN (7-14) — Entangling its first Big Four foe the Stateliners managed to erupt a fourth consecutive victory. A Bagley to Fleming pass plus the hard running of J. Bronico produced the Garnet scores. The rugged Garnet defense fought with all its power, but couldn't hold back an Allen score on the foes own gridiron.

SOMERVILLE (13-20) — A battle royal produced a fifth victory for the Garnet gridders over the airborne Pioneers. Having been able to stop an avid air attack, the Stateliners marched to a 7 point victory. Fullback J. Bronico again led the attack with halfbacks Havilscek and Fleming showing their long yardage running abilities.

Fullback Bronico displays his all-state form, which aided in his placement to the first team.

DEMAREST (13-41) — The P.H.S. gridders continued its home mastery running up their highest score of the season. The finish added the wierdest excitement. When at the conclusion junior quarterback Les Kish intercepted a Demarest pass and picked his way to the forty five. After a fumble junior halfback J. Eck lugged the fumble to the ten, only to be tripped by an oncoming fan. The touchdown was good.

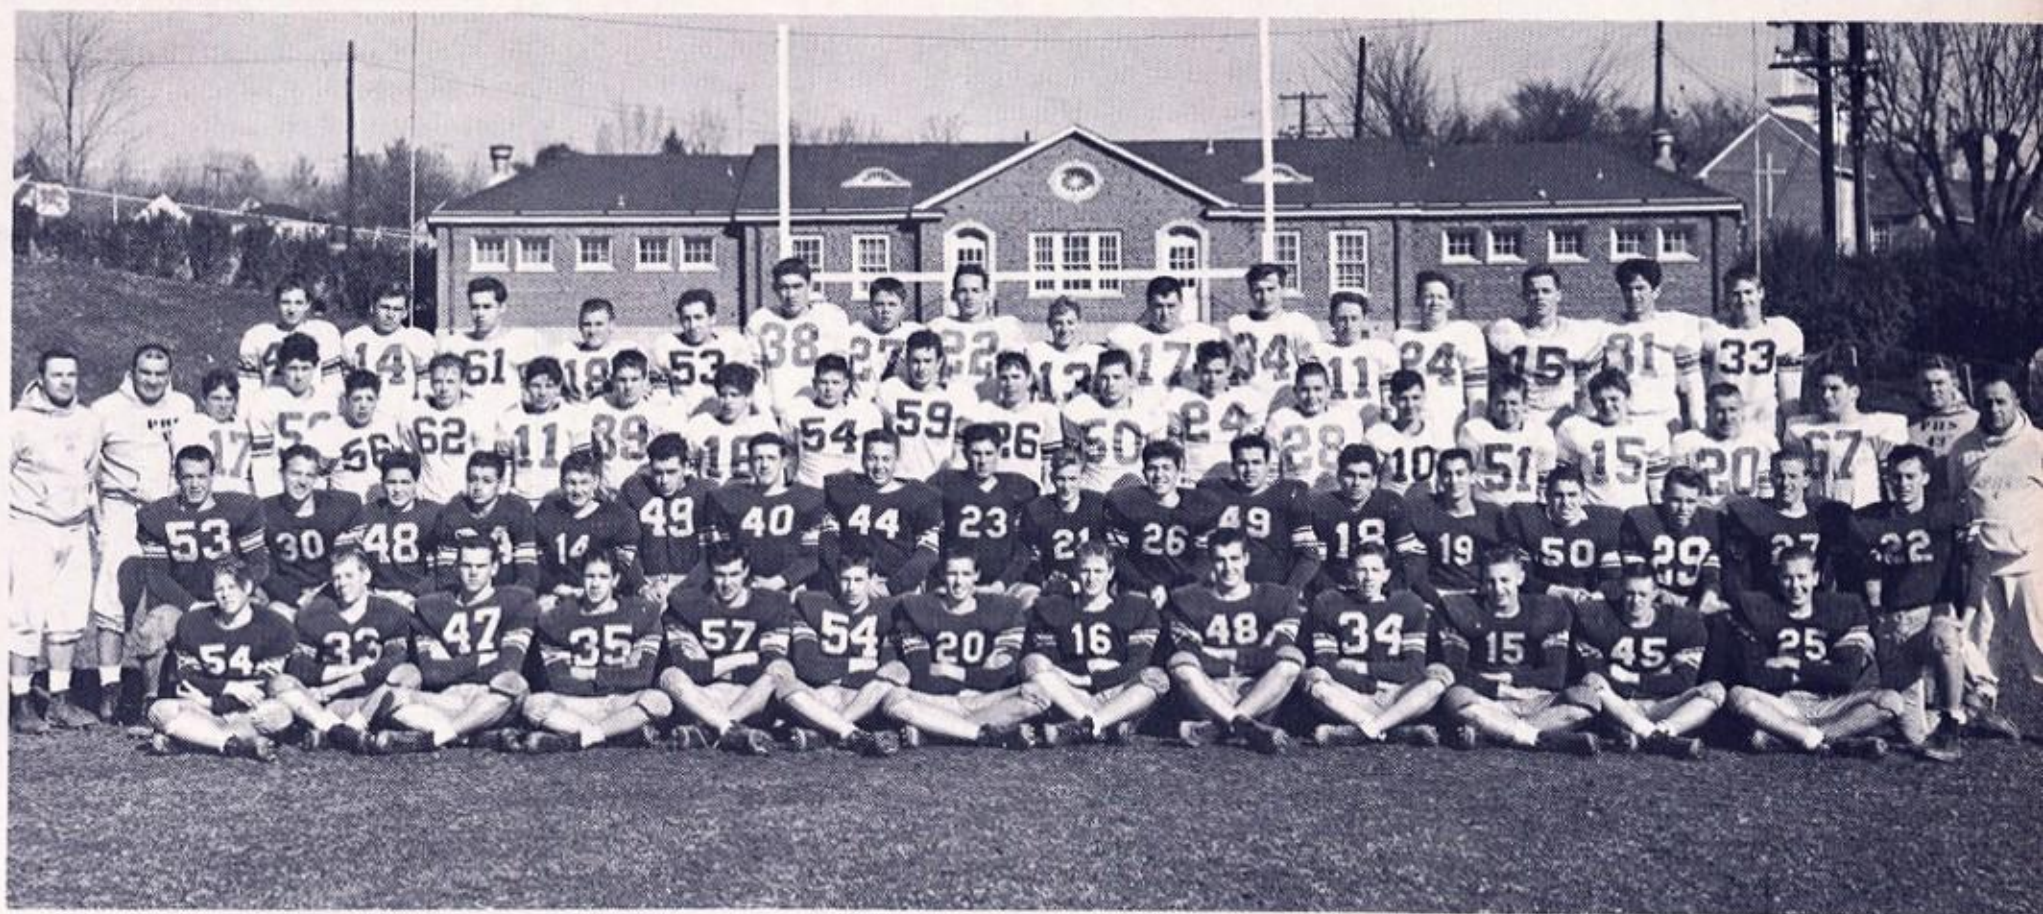

BETHLEHEM (0-0) — On its second Big Four tilt the Stateliners met their roughest game, battling to a scoreless tie. A last chance field goal attempt failed when a B.H.S. gridder blocked the try.

Although not a victory the game kept the Stateliners undefeated in Big Four and seasonal play.

ST. FRANCIS (13-14) — Under the "magic" toe of H. Smith and the running abilities of fullback J. Bronico and halfback R. Havilscek, the Stateliners came from behind to edge a one point victory. The speed and size of the opposition made the going rough. The Garnet defense dug in and held back the PAT's which resulted in victory.

D. Fleming cuts down an intended pass receiver and a sizable gain.

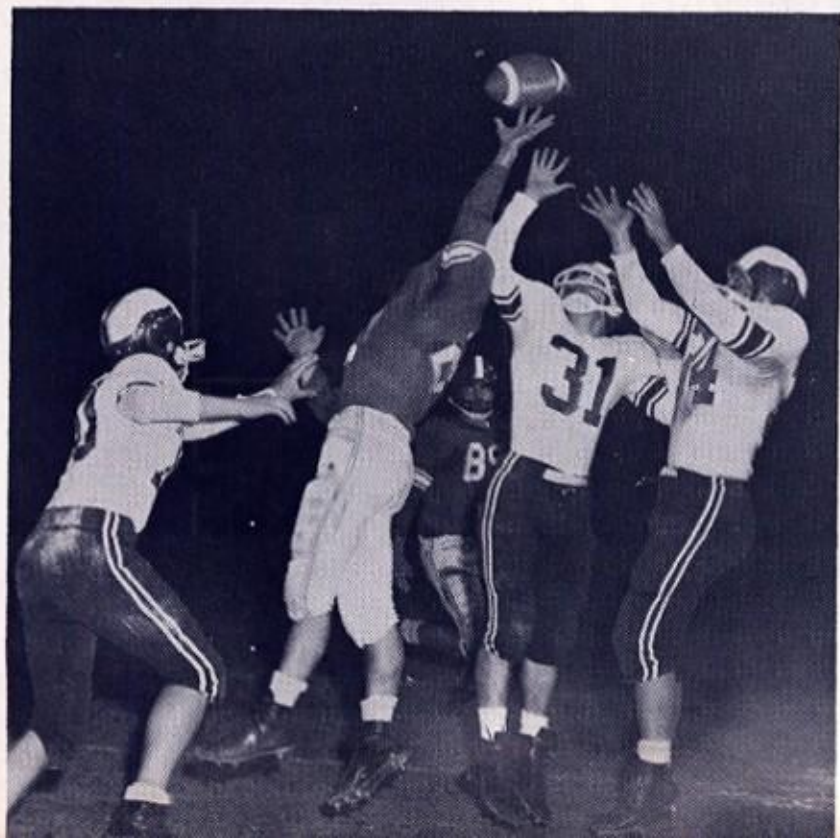

J.V. AND FRESHMEN SQUADS — FIRST ROW: Tony Sisonic, Tom Patti, John Morganstern, Jerry Snyder, Noel Stecker, Bob Bronico, Frank Kunkle, Lester Wagner, Dick Lamber, Rich Boam, Don Sandt, Rich Thatcher, Dave Long. SECOND ROW: Ed Roncoroni, Jim Barnes, Dick Paini, John Korp, Tom Domini, Glen Harrison, John Flynn, Stanley Rumfield, Alan Volk, Carl Bateman, Frank Lecaue, Sal Patti, Lou Grasiosi, Tom Dickerson, John Stryker, Budd Frankenfield, Gary Matviak, Jim Lenert, Coach Jiorle. THIRD ROW: Coach Conwell, Coach Pambianchi, Bob Hopeck, Dave Korbobo, Kim Richards, Charles Straub, James Fahr, Donald Miers, James Morris, John Frederick, Bruce Amore, Charles Abel, Robert Koppe, John Matviak, Jim Bramick, Joe Shiller, Gary Mellick, George Wildrick, Walt Sutphin, Pat Russamano, Vic Zeeman. FOURTH ROW: Jack Hauck, Hal Van Seters, Charles Corcoran, Norm Lhacher, Paul Leone, Robert G. Lehr, Terry Fretz, Wayne Pambianchi, Ray Beidleman, Tom Houck, Earl Osterstock, Art Armbruster, Robert Snyder, Chas. Stecker, Tom Ciulla, Richard Rissmiller.

J. V. 'S And Frosh Boast Undefeated Seasons

Opening up with four tie tilts the junior Stateliners coached by Mr. Jiorle rambled through an undefeated season. The next six games proved to be the little Garnet's best, as they took the honors with ease. Thus, the junior Garnet evolved a successful and exciting seasonal record.

Our Freshman gridders also enjoyed one of their best seasons under Coaches Pambianchi and Conwell. The Frosh started with a first game victory and succeeded in continuing throughout the season untied and undefeated. Thus, the Junior Varsity and Freshmen teams added to the schools undefeated year of football.

Fighting for that important pigskin H. Stecker, B. Hughes, and J. Emery make up the Garnet pass defense.

High scoring Carl Canfield demonstrated his versatility by out-rebounding an opponent.

Cagers Re-Write The Record Books

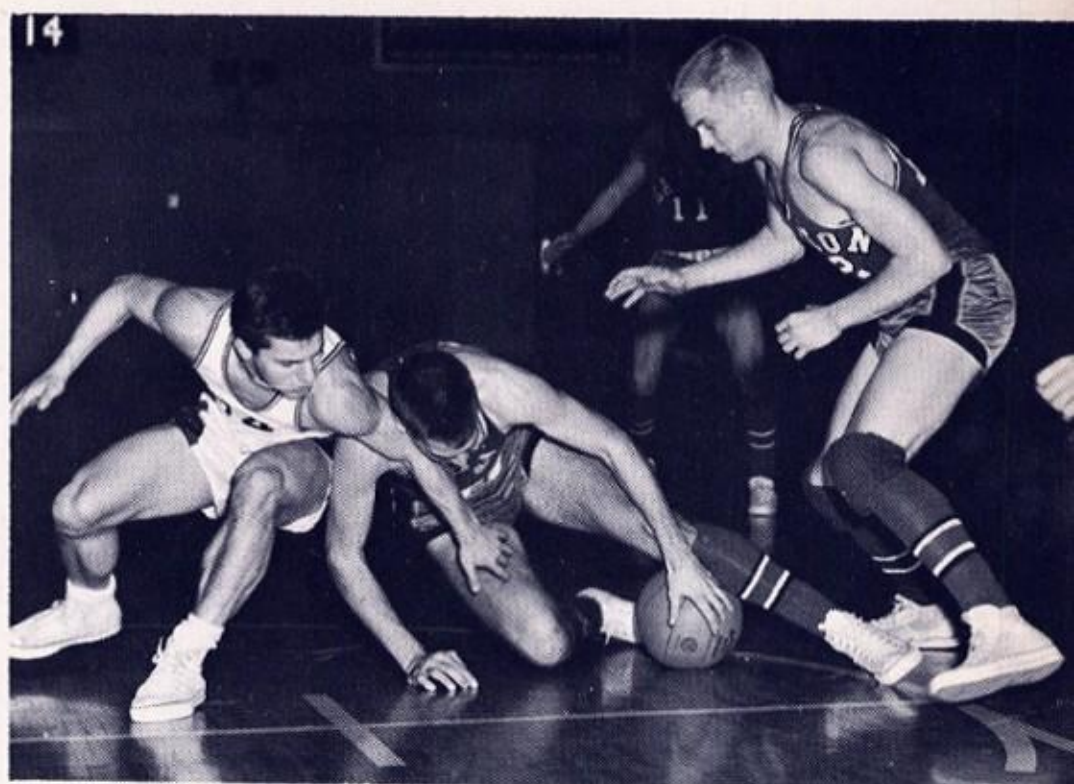

Twenty-one records fell by the wayside as the Garnet Cagers rolled to a 13-9 season under Mr. Eugene Quinn. Most points in a season, 467; most points in a career, 686; best foul shooting percentage, 76.3; and best points per game output, 21.9 were some of the ten records accounted for by just one man, Senior Carl Canfield. But our Co-captain's most outstanding feat was against East Stroudsburg when he broke Dick Bethman's single game record of 44 points with 50. Carl was honored for his well-rounded ability by being placed on the All-County Basketball Squad. Hot on Canfield's heels in the scoring department was little John Eck with 414 points. This shattered the record set by Jeff Fierfy last year for the most points in a season by a Junior. Co-captain Pierfy was again in the midst of the scoring duel but he broke his wrist late in the season. Doug Fleming, Bernie Caccese, Tim Roble, and Lew Parker rounded out the other capable starters. The season was highlighted with a 125 to 39 victory over East Stroudsburg and a close decision over arch rival Easton. Whatever the team lacked in height and ability, they made up for in sheer hustle and desire.

In the locker room at half-time, Coach Eugene Quinn explains the teams mistakes to Doug Fleming, Jeff Pierfy, and Carl Canfield.

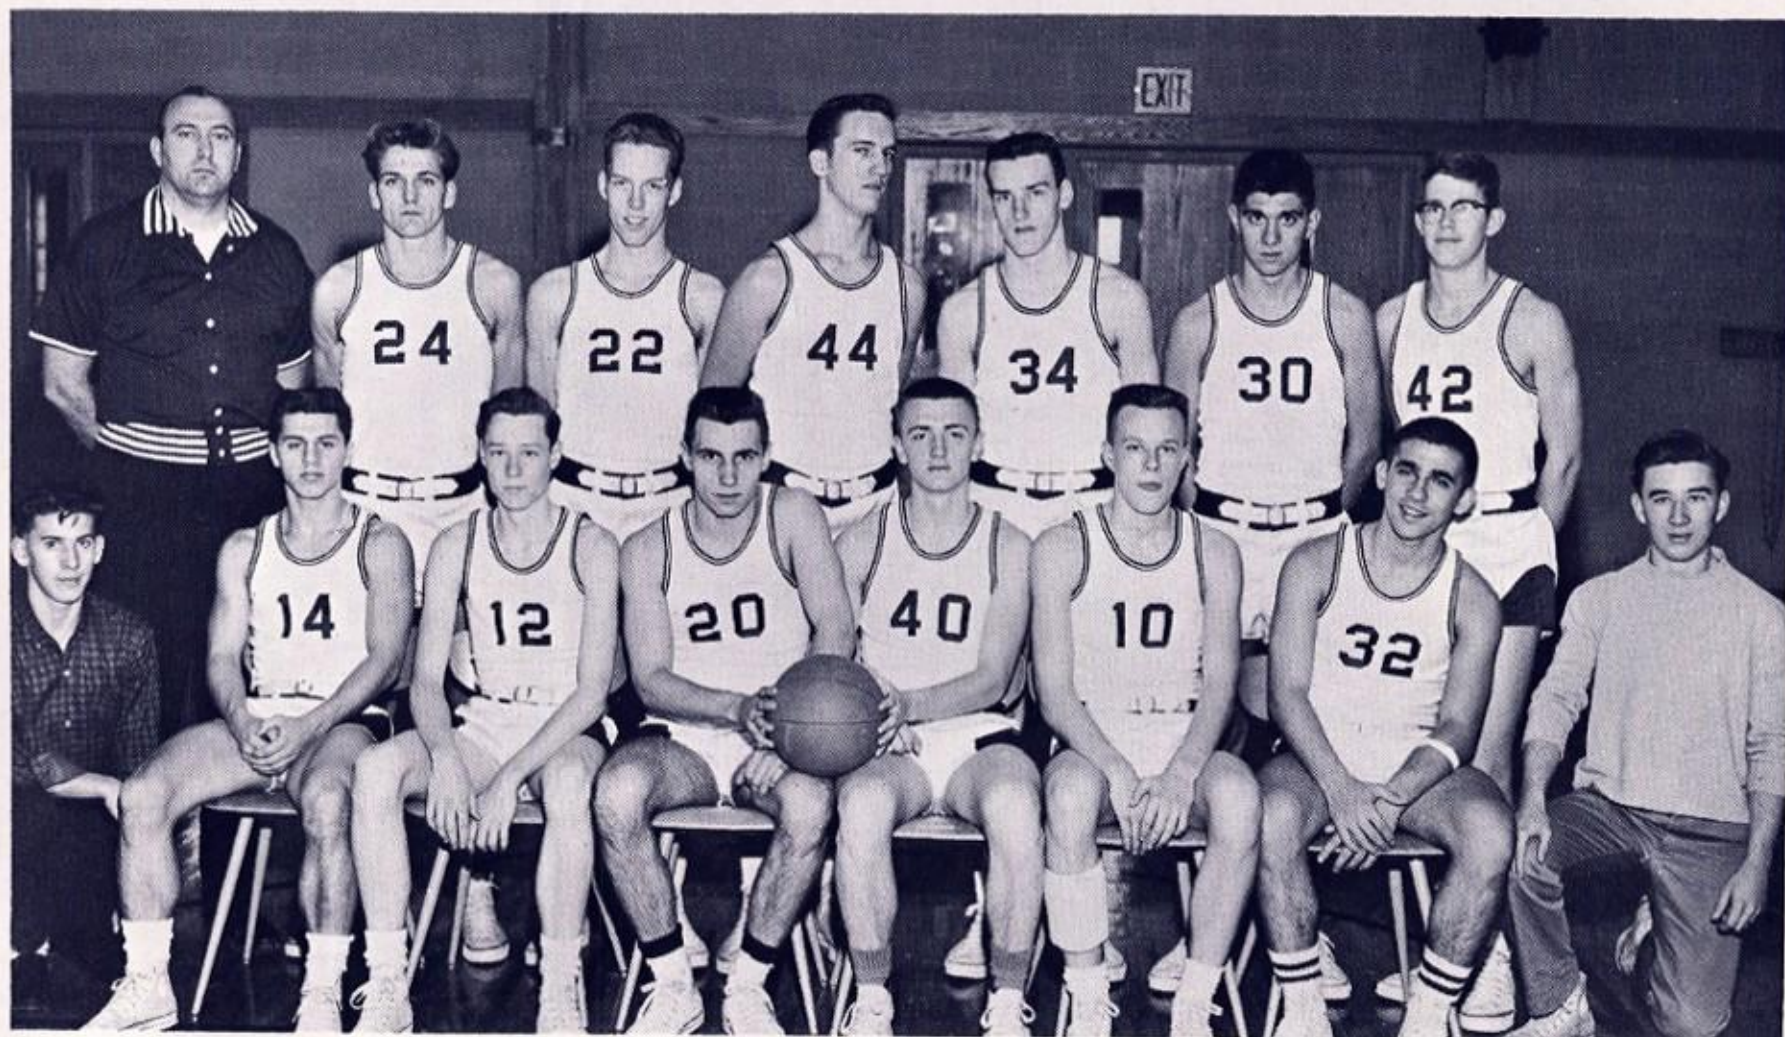

"I don't want it. You can have it!" grimaces Jeff Pierfy while flying through the air with the greatest of ease.

Junior John Eck, a small but mighty backcourt ace, makes a spirited attempt to gain possession of a loose ball.

VARSITY BASKETBALL SQUAD — FRONT ROW: Roger Marason, John Eck, Larry Murphy, Doug Fleming, Steve Stocker, Tim Roble, Jeff Pierfy, Bill Peters. BACK ROW: Coach Quinn, Wayne Condon, Carl Canfield, Walt Troxell, Lew Parker, Bernie Caccese, Dave Biers.

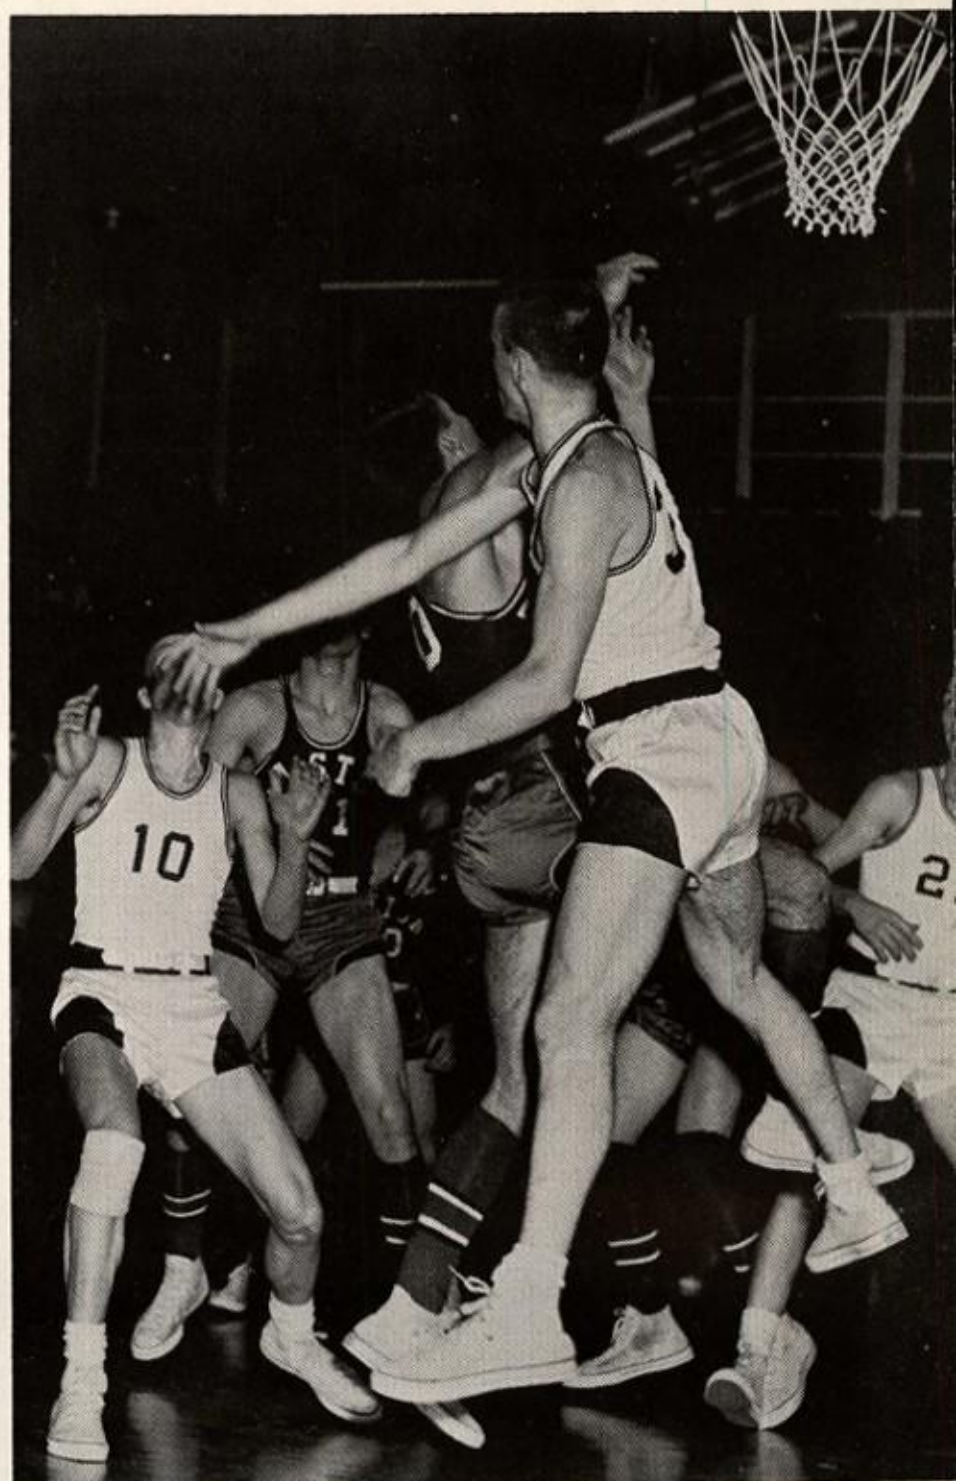

With the aid of Lew Parker's pass, Carl Canfield completes a difficult driving layup for two points.

In a typical scramble under the boards, arms and elbows fly freely. Here Time Roble, Lew Parker, and Carl Canfield engage in body contact in an attempt to get the all important rebound.

Tim Roble, who ably performed for injured Jeff Pierfy, releases his deadly jump shot as Lew Parker breaks for the rebound.

JV'S And Frosh Prepare For Varsity Action

Under the coaching of Mr. Vince Dragotta, the junior varsity squad compiled a record of 10 wins and 12 losses. Although having a slow start, the Little Garnet improved steadily throughout the season. Pacing the junior varsity were high scoring Karl Pusch, strong rebounder Jack Maddock, and backcourt players Bob Fleming and Jerry Snider. The freshman cagers, instructed by Mr. Ernest Widmann, battled their way to 7-7 record. Bob Weiler, Dan Roble, and Rich Rissmiller led the freshman team to their successful season. For their outstanding play, Roble and Weiler were promoted to the junior varsity. Members of both the JV's and freshman squads gained the valuable experience necessary to participate in future varsity competition.

JUNIOR VARSITY SQUAD: Karl Pusch, Ron Ryerson, Ted Roseberry, Dan Gulini, Dick Lambert, Jack Maddock, Bob Fleming, Sal Patti, Dan Roble, Jerry Snyder, Bob Weiler.

Sophomore Jerry Snyder drives around a surprised opponent.

FRESHMEN BASKETBALL TEAM — FIRST ROW: Russ Johnson, Bob Weller, Isreal Yost, Jim Bramick, Don West, Ken Kobler. SECOND ROW: Jack Sassaman, Dan Roble, Jim Slifer, Greg Clymer, Bruce Amore, Rich Rissmiller, Mick Zeeman, manager Bill Nenow.

Garnet Matmen

Post 6-6 Record

The 1961 Stateliner wrestling squad coached by Mr. Walter Miller, struggled through a tough scheduled season to bring out the resulting 6-6 record. The Stateliner grapplers opened with an inspiring 34-15 victory over Nazareth. The Garnet led by District Champion Harry Smith, then persevered through their even record. At the conclusion of the season the team entered the District III Wrestling Tournament, and resulted in a first and two second place winners. The team entered 12 members who gained valuable experience for the forthcoming season. The team which consisted of a large number of underclassmen is looking forward next year to a successful though rugged season. The junior varsity celebrated an impressive 7-5 record under the leadership of ninth grade champions Gary Mellick and Steve Kasza. The team, coached by Mr. James Herb, gave the crowds some exciting bouts preceding the varsity matches. The squad sought valuable training and experience which they will use as members of next season's varsity squad.

Raising his opponent from the mat, sophomore Jerry Miller applies the half-nelson and the far leg pickup.

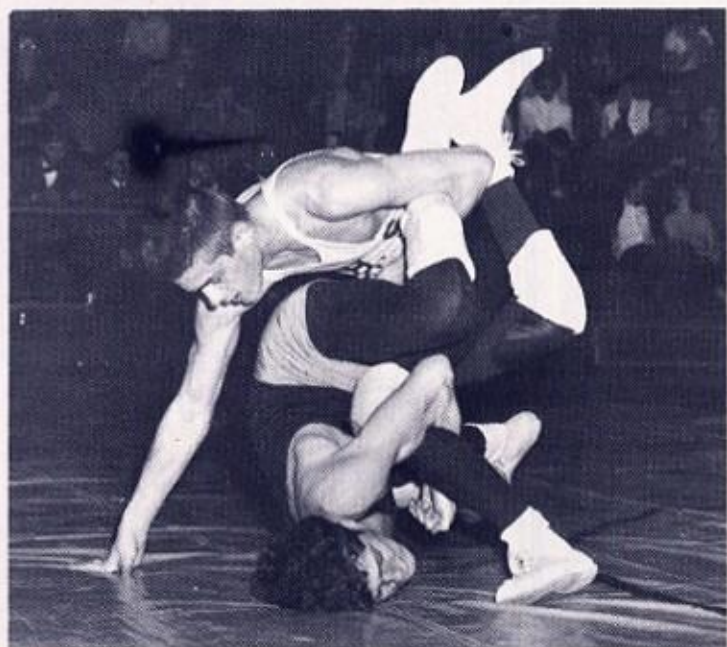

Moving with agility, junior Tom Dickerson strives for the valued offensive position and the important two point reversal.

1961 VARSITY WRESTLING SQUAD—FIRST ROW: Coach Herb, Frank Lecaue, Lester Kish, James Dick, Dale Bodai, Herb Stecker, Allan Volk, Bob Herring, Head Coach Miller. SECOND

District Champion Harry Smith makes use of the stack-up to gain valuable points plus the possibility of a pin.

J. V. WRESTLING SQUAD—FIRST ROW: Manager Pete Fishbough, John Matviak, James Hnath, Rich Boam, Greg Hill, Bob Hawks, Ron Sidovar, Charles Stecker, Bill Hayford, Bob Snyder, Pat Russamano. SECOND ROW: Bob Corcoran, Paul Torcivia, Gary Mellick, Bob Hann, Pete Ciulla, Steve Kasza, Ray Biddleman, Tom Ciulla, Willie Currie.

ROW: Gary Meddaugh, Carl Bateman, Denny Losco, Gordon Korbobo, Jerry Miller, Tom Dickerson, Harry Smith.

Watching their teammate's bout, the varsity squad shows their intense concentration which the sport produces for the fan.

VARSITY BASEBALL TEAM—FIRST ROW: Coach Bellis, Tim Roble, Dave Long, Doug Fleming, Steve Jurinko, Herb Bagley, Jack Emery, Joe Losco, Karl Pusch, Dale Bodai, Victor Zeeman. SECOND ROW: Kim Richards, Stan Rumfield, Tom DeBosh, John Morgenstern, Francis Tersigni, Les Kish, Bill Troxell, Jim Dick, Dan Gulini, Jeff Pierfy, Frank LeCause, Jim Kraycik.

The Stateliners displayed a potent batting attack in the early games, and Doug Fleming shows the concentration needed in batting.

Jack Emery displays the smooth, level swing that helped him gain all-state honors last season.

Baseball Eleven

Gets Good Start

With a hand full of lettermen and a few untried juniors and sophomores, the P.H.S. baseball squad began its 1961 season. Practice sessions were few and the actual start of the season was delayed due to inclement weather. The team is strong up the middle with lettermen Herb Bagley (2b), Jeff Pierfy (ss), Steve Jurinko (cf), and Jim Dick (c). Other returning lettermen are all-stater Jack Emery (rf) and Johnny Eck (3b). In the opening game of the season the Garnet rallied from a 5-0 deficit to overcome East Stroudsburg 11-5. Fran Tersigni was credited with the win in relief of Joe Losco. In their first East-Penn League game the Stateliners, behind Tom DeBosh, nipped a tough Dieruff squad 7-6. In their first home game the Garnet got a superb pitching exhibition from Herb Bagley while posting a 6-5 win over Reading, thus keeping their East-Penn League slate clean with two wins and no losses.

Coach Bellis displays the proper bunting technique to sophomore John Morgenstern and junior Tim Roble during batting practice.

Herb Bagley, the number one pitcher on this year's staff, fires his patented fast ball down the middle.

Stan Rumfield and John Morgenstern see Dale Bodai's long stretch at first base snag the throw which nips John Eck during an intrasquad game.

Aided by the moral support of his teammates, muscular Ed Fry strains as he unleashes another long heave in the discus.

Landing in the broad jump pit after a mighty leap, Brian Hargraves appears to be playing leapfrog.

Cindermen Look Toward Prosperous Season

With the majority of the 1960 squad returning, the Garnet cindermen, coached by Mr. Fred Leonard and Mr. James Herb, look toward a prosperous season. The trackmen lost fleet-footed star Clyde Hataway through graduation. A consistent winner in the running events. Clyde's services will be sorely missed. Following a month of intensive training, much of which was interrupted by inclement weather, the track team undertook a ten meet schedule. Opening the season by losing to a strong Palmerton squad, the Garnet cindermen proceeded to lose the next two meets by close scores. In the third meet of the season, the trackmen almost defeated arch rival Easton. Leading the Garnet point getters were Jim Lee in the pole vault; Bob and John Bronico, Art Weopple, and Ed Fry in the discus and the shot put; Brian Hargraves in the broad jump; Leo Day in the javelin; and Cris Yost, Jim Barnes, Tom Vanatta, and Harry Clapison in the running events. The experience gained in the early meets will lead the Garnet cindermen to a winning season.

Sprinters Santo Frinzi, Tom Vanatta, and John McCluskey apply their kick in hopes of gaining a first place finish.

Jim Lee, who has consistently cleared ten feet, releases the pole as he exclaims, "Please help me I'm falling!"

VARSITY TRACK SQUAD—FIRST ROW: Coach Leonard, Joseph Shearing, Richard Piatt, Gene Smith, John McCluskey, James Lee, Harry Smith, Ralph Eike, Earl Rush, Santo Frinzi, Leo Day, Tom Vanatta, Chris Yost, Harry Clappison, Brian Hargreaves. **SECOND ROW:** Coach Herb, John Rissmiller, John Bronico, Albert Dilts, Carl Bateman, Israel Yost, Sanford Wolfe, Bill Lee, Jack Sassman, John Stana, Bob Hann, Robert Nickel, Bob Dilts, John Eck, Tom Patti. **THIRD ROW:** Ed DeHart, Bill Jones, James May, David Brooks, Danny Muretti, James Barnes, John Maddock, Art Weopple, Ed Frey, John Yurko, Bob Broncio, Glen Harrison, Ed Korp.

Ralph Eike, although not another John Thomas, proves that correct form is necessary to go over the bar.

Junior Art Weopple grimaces as he attempts to better an opponents 42 foot throw in the shot put.

GIRLS VARSITY BASKETBALL TEAM — FIRST ROW: Shirley Orth, Doris Kirkendall, Diane Sassaman, Leslie Jiorle, Maryann Mosher, Ester Gary. SECOND ROW: Miss Givs, coach, Sue Spillman, Judy Clymer, Roberta Anderson, Carol Michalowski, Barbara Anderson, Linda Voorhees, Ruth England, Ann Hardick.

Intramural Program Increases In Popularity

Intramural sports again played an important part in post-school activities. Under the leadership of Mr. Dragotta many boys were given the privilege of participating in intramural basketball and wrestling. Besides taking part in intramural sports, the girls participated in interscholastic hockey and basketball. The girls sports, led by Miss Gibbs, are expected to grow rapidly through the oncoming years. The intramural program has opened many outlets to students who do not participate in varsity sports. In the future, it is expected to achieve even greater accomplishments in an effort to create better sportsmanship among both boys and girls.

With great agility, Chris Yost climbs the ropes with his arms.

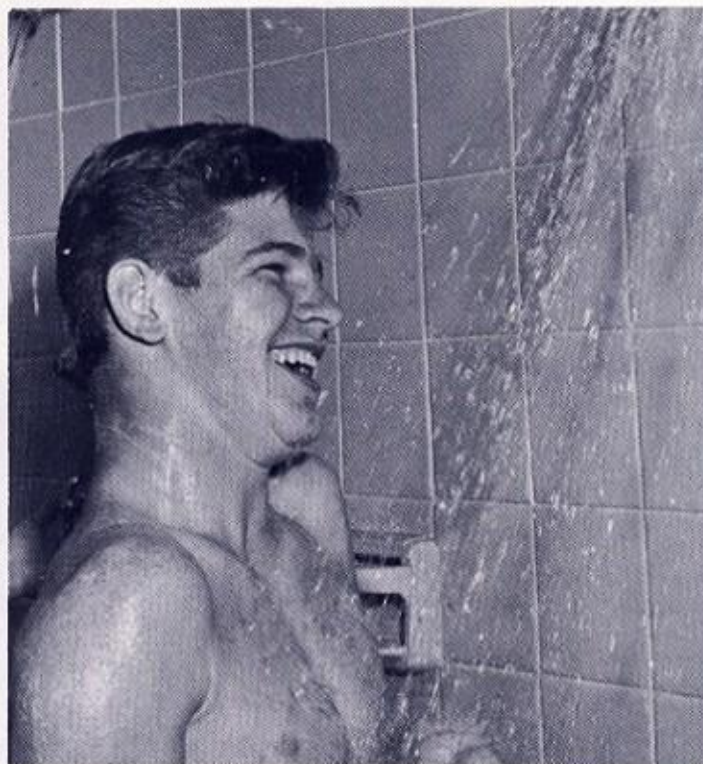

The intramural bowling program helps Bill Peters, Ned Bowden, Virginia Atkinson, Diane Sassman, and Judy Clymer improve their game.

Connie Stamets narrates as Donna Hamlin demonstrates good posture.

As an intramural sport girls field hockey was extremely popular.

Wayne Morris enjoys a cool shower in the locker room.

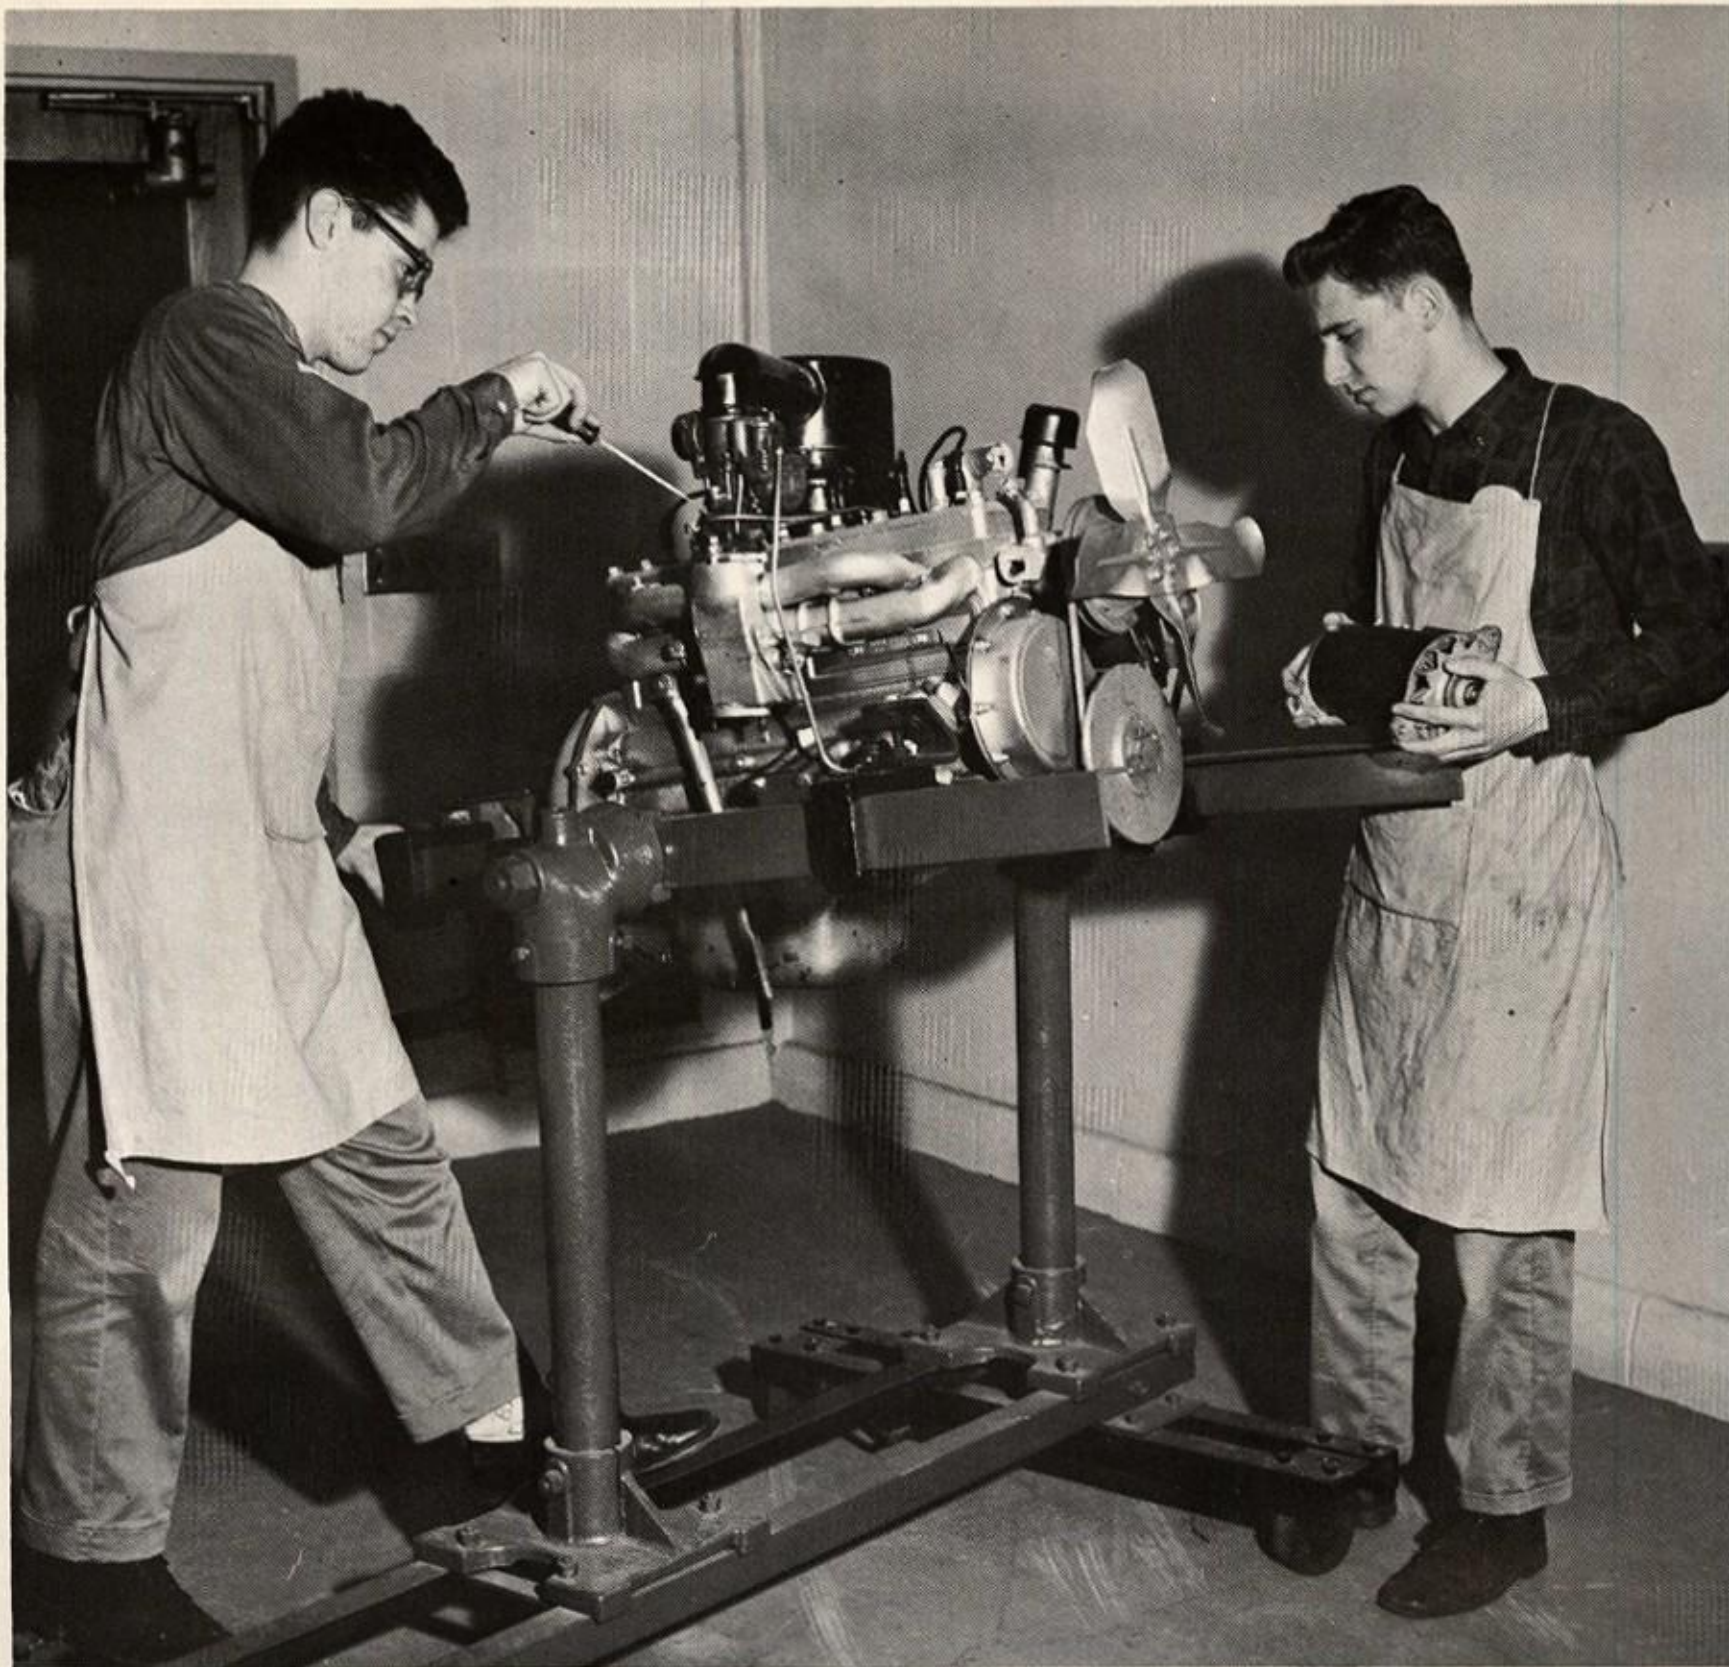

Public auctions were held where the high school now stands. Mr. Schwartz, the auctioneer, also served as mayor of our town.

Business

Transportation across the Delaware River in 1739 was accomplished by means of David Martin's ferryboat. The next stage, in 1806 was by horse and wagon across the covered bridge, observing the traffic rule that "Horses may not travel faster than people can walk". Now in 1961 the arteries of business flow profusely over modern highways and progressive steel structured bridges into a community undergoing an accelerated growth.

On behalf of the Karux Staff of 1961, the Sisters of the Swish and the Brothers of the Brush, I wish to express our sincere gratitude and appreciation to the following for their help:

The Administration and faculty for their kind co-operation.

Mrs. Henrietta Thompson, our understanding faculty advisor, for her indispensable help and welcomed advice.

Our fellow workers, the Business Staff and advisor Mrs. May, for their capable handling of our financial problems.

The Lorstan-Thomas Studios for their beautiful photographs and recopying of old pictures.

Mr. Russell R. Benson, our publisher, for his guidance and advice.

The Hurley Company for their fine printing.

The Easton Express, The Phillipsburger, Mr. Carl Baxter, and Mr. Harold Eisenhower for supplying us with special pictures.

Miss Kathryn Stryker for the use of the old communion cloth and cup.

Mrs. George Sitgraves for the use of 1861 period clothing for our Centennial pictures.

Mr. Edward Weller and Mrs. James Lutz for lending us treasured old photographs.

Mrs. Alfred Miers for the use of the high wheeler.

Mr. Roy Templeton for permitting us to photograph the Civil War cavalry uniform, sword and musket.

Sincerely,
Pat Pierson

This image shows a vertical strip of aged, stained paper. It features two columns of faint, illegible text, likely from an old manuscript or document. The paper is heavily discolored with brown spots and stains, particularly along the edges and between the columns. A small, dark, curved object is visible near the bottom left corner.

"It is the place where the river, the dark and secret river,
full of strange time, is forever flowing by us to the sea."

—Thomas Wolfe
